Chapter 1
Title and Purpose

Section 1.01 Preamble

In accordance with the authority and intent of the Public Act 110 of 2006, as amended, the Township desires to provide for its orderly development which is essential to the well-being of the community and which will place no undue burden upon developers, commerce, residents, food producers, the natural resources, or energy conservation. The Township further desires to assure adequate sites for commerce, food production, recreation, and residences; to provide for the free movement of vehicles upon the streets and highways of the Township; to protect commerce, food producers, natural resources, energy consumption and residences against incongruous and incompatible uses of land; to promote the proper use of land and natural resources for the economic well-being of the Township as a whole; to assure adequate space for the parking of vehicles for customers and employees using commercial and retail areas; to assure that all uses of land and buildings within the Township are so related as to provide for economy in government and mutual support; and to promote and protect the public health, safety, comfort, convenience and general welfare of all persons and property owners within the Township.

Section 1.02 Enacting Clause

The Township of Markey, County of Roscommon, State of Michigan, ordains:

Section 1.03 Title

An Ordinance enacted pursuant to the authority contained in Act 184 of the Public Acts of Michigan for 1943, as amended, known as the “Michigan Zoning Enabling Act” for the establishment of zoning districts in the unincorporated portions of Markey Township, within the districts the use of commerce, forestry, recreation, residence, water supply conservation, and additional uses of land may be encouraged, regulated, or prohibited; for the adoption for such districts of provisions designating or limiting the location, height, number of stories, and size of dwellings, buildings and structures, including tents, recreation vehicles, and travel trailers which may hereafter be erected or altered; for the regulation of the area yards, courts, and measures that shall be required for such dwellings, buildings and structures, including tents, recreation vehicles, and travel trailers; for the designation of the maximum number of families which may be housed in buildings, dwellings and structures, including tents, recreation vehicles, and travel trailers; to provide regulation, as allowed in said Public Act 184, for the elimination, repair, or maintenance, of buildings and structures, and uses of land that are made non-conforming by the adoption of this Ordinance; to establish a Zoning Board of Appeals, and to grant authority to said Board in additional to that expressly provided in said Public Act 184; to provided standards to guide actions and decisions of said Board; to provide to the enforcement of the provisions of this Ordinance and penalties and other relief for the violation of said Ordinance; and to provide for the amendment thereof and the repeal of all Ordinance or parts of the Ordinance in conflict therewith.
Section 1.04  Short Title

This Ordinance shall be known as the “Zoning Ordinance of The Township of Markey,” and will be referred to herein as “the Ordinance.”

Section 1.05  Scope

It is not intended by this Ordinance to repeal, abrogate, annul or interfere with existing provisions of other laws or ordinances, except those specifically or impliedly repealed by this Ordinance, or with any private restrictions placed upon property by Covenant, deed or other private agreement unless repugnant hereto.

Section 1.06  Control

Where this Ordinance imposes a greater restriction than is imposed or required by such rules, regulations or private restrictions, the provisions of this Ordinance shall control.
Chapter 2
Definitions

Section 2.01 Construction of Language

The following rules apply to the text of this Ordinance:

A. The particular shall control the general.

B. In the case of any difference in meaning or implication between the text of this Ordinance and any caption or illustration, the text shall control.

C. The word “shall” is always mandatory and not discretionary. The word “may” is permissive.

D. Words used in the present tense shall include the future; and words used in the singular number shall include the plural; and the plural the singular, unless the context clearly indicates the contrary.

E. A “building” or “structure” includes any part thereof.

F. The word “person” includes an individual, a corporation, a partnership, an incorporated association, or any other similar entity.

G. The word “occupied” includes arranged, designed, built, altered, converted to, rented, and leased.

H. The words “zone” and “district” are the same, meaning a Zoning District as herein defined.

I. Unless the context clearly indicates the contrary, the conjunctions noted below shall be interpreted as follows:

1. “And” indicates that all connected items, conditions, provisions, or events shall apply.
2. “Or,” indicates that the connected items, conditions, provisions or events may apply singularly or in any combination.
3. “Either . . . or” indicates that the connected items, conditions, provisions or events shall apply singularly but not in combination.

J. Terms not herein defined shall have the meaning customarily assigned to them.
Section 2.02 Definitions - A

ACCESSORY BUILDING (ACCESSORY STRUCTURE) - A building or a portion of a building subordinate to, and on the same premises as a main building and occupied by or devoted exclusively to an accessory use, including but not limited to a private garage.

ACCESSORY USE, OR ACCESSORY - A use of a building, lot, or portion thereof, which is customarily incidental and subordinate to the principal use of the main building on the lot.

ACCESSORY USE, LOW PROFILE - An accessory use that is incidental in a Residential Zoning District and which has no discernable impact on the neighborhood.

ADULT FOSTER CARE FACILITY - A facility defined as an “ADULT FOSTER CARE FACILITY” by the adult foster care facility licensing act, Act No. 218 of the Public Acts of Michigan of 1979 (MCL 400.701 et seq.), as amended, having as its principal function the receiving of adults for foster care, and licensed by the state under the act. An “adult foster care facility” includes facilities and foster care family homes for adults who are aged, mentally ill, developmentally disabled, or physically disabled who require supervision on an ongoing basis, but who do not require continuous nursing care.

ADULT FOSTER CARE

A. FAMILY HOME - A private residence with the approved capacity to receive six (6) or fewer adults to be provided with foster care for five (5) or more days a week and for two (2) or more consecutive weeks. The ADULT FOSTER CARE FAMILY HOME licensee shall be a member of the household, and an occupant of the residence.

B. GROUP HOME - A private residence with the approved capacity to receive more than six (6) adults to be provided with foster care for five (5) or more days a week and for two (2) or more consecutive weeks. The ADULT FOSTER CARE GROUP HOME licensee shall be a member of the household, and an occupant of the residence.

AGRICULTURE - Farms and general farming, including horticulture, floriculture, dairying, livestock, and poultry raising, and other similar enterprises or uses, including animals that have been raised on the premises for the use and consumption of persons residing on the premises.

Section 2.03 Definitions - B

BASEMENT - A portion of a building partly below the average grade, that portion being more than one-half (½) of its height below the average grade. A basement shall not be counted as a story.

BED AND BREAKFAST ESTABLISHMENT - A single family residential structure which is occupied by the owner(s), and has one (1) or more of the sleeping rooms available for rent by transient people, and in which the owner(s) serves the breakfast to the transient people at no extra cost.
BERM - A mound of earth graded, shaped and improved with landscaping in such a fashion as to be used for visual or audible screening purposes.

A. The overflow of inland waters
B. The unusual and rapid accumulation or runoff of surface waters from any source

FLOOD PLAIN - All areas adjoining a lake, stream, river, creek, or a channel which are subject to inundation at a high flood water level as determined by an engineer or agency designated by the Township Board, or by the Michigan Department of Environmental Quality where it has jurisdiction.

FLOOR AREA, GROSS - The sum of the total horizontal areas of the several floors of all buildings on a lot, measured from the interior faces of exterior walls.

FLOOR AREA, DWELLING – For the purposes of computing the Minimum allowable floor area in a residential dwelling unit, the Sum of the horizontal areas of each story of the building shall be measured from the interior faces of the exterior wall. The floor area measurement is exclusive of areas not having a clear height of seven (7) feet six (6) inches, the basements, attics, attached garages, breezeways, enclosed or unenclosed porches, patios, terraces, carports, verandas, and attached accessory buildings.

FLOOR AREA, USABLE (For the purposes of computing parking) - That area used for or intended to be used for the sale of merchandise or services, or for use to serve patrons, clients, or customers. Floor area which is used or intended to be used principally for the storage or processing of merchandise, for hallways, or for utilities or sanitary facilities shall be excluded from the computation of USABLE FLOOR AREA.
Measurement of USABLE FLOOR AREA shall be the sum of the horizontal areas of all floors of the building measured from the interior faces of the exterior walls.

FRONTAGE - The continuous linear distance of that portion of a parcel abutting upon a public street right-of-way or private street easement.

Section 2.08 Definitions - G

GARAGE SALE - A temporary event where household goods are sold by the occupants and owners of a property, or by their relatives.

GRADE - The gradient, the rate of incline or decline expressed as a percent. (A rise of twenty (20) feet in a horizontal distance of eighty (80) feet would be expressed as a grade of twenty-five (25) percent.)

GRADE, AVERAGE - The average finished ground elevation at the center of all walls of a building established for the purpose of regulating the number of stories and the height of buildings. The building grade shall be the level of the ground adjacent to the walls of the building if the finished grade is level. If the ground is not entirely level, the grade shall be determined by averaging the elevation of the ground for each face of the building or structure being measured.

GROUP DAY CARE HOME - See “CHILD CARE CENTER”

Section 2.09 Definitions – H

HEIGHT OF BUILDING - The vertical distance measured from the average grade to the highest point of a structure.

HOME BASED BUSINESS - An occupation or profession that is clearly a customary, incidental, and secondary use of a residential dwelling unit but which has a potential to possess characteristics resulting in non-compliance with the more traditional Home Occupation Standards of this Ordinance.

HOME OCCUPATION (See Accessory Use, Low Profile) - An occupation or profession carried on within a portion of a dwelling unit, or accessory building, that is clearly a customary, incidental, and secondary use of the residence, and which does not negatively impact the residential character of the neighborhood in which the HOME OCCUPATION is located. Examples of HOME OCCUPATION include, but are not limited to, typing service, answering service, proof reading, or a real estate agent’s home office.

HOSPITAL - An institution providing health, services, primarily for inpatients and medical or surgical care of the sick or injured, including as an integral part of the institution, such related facilities as laboratories, out-patient departments, training facilities, central service facilities and staff offices.

**INTENSIVE LIVESTOCK OPERATIONS** - An operation where live animals or poultry are concentrated or restricted, to an area more limited than to natural feeding habitats and containing one or both of either ‘A’ or ‘B’, below:

A. A total of four hundred (400) mature dairy cattle (all classes); five hundred (500) slaughter or feeder cattle; one thousand two hundred fifty (1,250) swine (each weighing 55 pounds or more); three hundred (300) horses; five thousand (5,000) sheep or lambs; twenty seven thousand five hundred (27,500) turkeys; fifty thousand (50,000) laying hens or broilers (with continuous overflow watering); fifteen thousand (15,000) laying hens or broilers (with a liquid manure system); twenty five hundred (2,500) ducks, or a combination of the above equal to or exceeding five hundred (500) animal units.

OR

B. A population per acre of at least four (4) mature dairy cattle (all classes); five (5) slaughter or feeder cattle; twelve (12) swine (55 pounds or more); three (3) horses; fifty (50) sheep or lambs; two hundred fifty (250) turkeys; five hundred (500) laying hens or broilers; twenty-five (25) ducks; or a combination of the above equal to or exceeding five (5) animal units per acre.

C. For the regulations applicable to INTENSIVE LIVESTOCK OPERATIONS, the term “per acre” shall mean the total contiguous acreage under the control of the applicant.

D. For the purpose of this Ordinance, one (1) animal unit shall be equivalent to one thousand (1,000) pounds of live body weight.

**Section 2.11 Definitions - J**

**JUNK** - Any worn out or discarded materials including, but not necessarily limited to, scrap metal, inoperable motor vehicles and parts, construction material, household wastes, including garbage and discarded appliances.

**JUNK YARD** - An open area where waste, used or secondhand materials are bought and sold, exchanged, stored, baled, packed, disassembled, or handled. These materials include, but are not limited to: scrap iron and other metals, paper, rags, rubber tires, and bottles. A “junk yard” includes automobile wrecking yards and includes any area of more than two hundred (200) square feet for storage, keeping or abandonment of junk, but does not include uses established entirely within enclosed buildings.
Section 2.12 Definitions - K

KENNEL - Any lot or premise on which three (3) or more dogs, cats, or other household pets, four (4) months of age or older, are either permanently or temporarily boarded for commercial purposes. A kennel shall also include any lot or premises where household pets are bred, sold, or treated for commercial purposes.

Section 2.13 Definitions - L

LAND USE PERMIT/ZONING PERMIT - A permit for commencing construction, or a land use, issued by the Ordinance Administrator, in accordance with a plan for construction or use that complies with all the provisions of this Zoning Ordinance.

LOADING SPACE - An off-street space on the same lot with a building, or group of buildings, for the temporary parking of a vehicle while loading and unloading merchandise or materials.

LOT - A parcel, vacant land, occupied land, or land intended to be occupied by a building and accessory buildings, or utilized for principle and accessory use(s) together with yards and open spaces required under the provisions of this Ordinance. A LOT may or may not be specifically designated as such on public records. A LOT may consist of any of the following, or a combination of any of the following, excluding any portion of property subject to a public easement or right-of-way for highway purposes, and provided that in no case shall a division or combination of properties create a residual LOT which does not meet the requirements of this ordinance:

A. A platted lot, or a portion of a platted lot;
B. A parcel of land described by metes and bounds, or a portion of a parcel of land described by metes and bounds; or
C. A “Building Site” as defined in this Ordinance in connection with a site condominium project.

LOT, CORNER - Any lot having at least two (2) contiguous sides abutting upon a road, provided that the interior angle at the intersection of such two sides is less than one hundred thirty-five (135) degrees. A lot abutting upon a curved road or roads shall be considered a corner lot if the tangents to the curve, at its points of beginning within the lot or at the points of intersection of the side lot lines with the street line, intersect at an interior angle of less than one hundred thirty-five (135) degrees.

LOT, FLAG - A lot with access provided to the bulk of the lot by means of a narrow corridor fronting on a public street.

LOT, INTERIOR - A lot other than a corner lot, flag lot, or through lot.
LOT, THROUGH - Any interior lot having frontage on two (2) parallel streets. In the case of a row of through lots, all yards of said lots adjacent to streets shall be considered frontage, and through yard setbacks shall be provided as required.

LOT, WATERFRONT - A lot having a property line abutting a shoreline, including lots abutting canals.

LOT AREA - The total horizontal area within the lot lines. For the purposes of this Ordinance, where the front or side lot line is the centerline of the right-of-way or private easement, or a portion of the lot lies in part of the right-of-way or easement, that portion of the lot shall not be considered when calculating the required LOT AREA.

LOT COVERAGE: The total area occupied by the principal dwelling, all accessory buildings, and accessory structures such as breezeways, carports, gazebos, decks, patios and similar structures shall not exceed the maximum lot coverage permitted in each district. Lot coverage shall be measured from the drip line of the roof.

LOT DEPTH - The horizontal distance between the front and rear lot lines, measured along the median between the side lot lines.

LOT LINES - The lines bounding a lot as defined herein:

A. FRONT LOT LINE - In the case of a Flag Lot or Interior Lot, it is the line separating the lot from the street. In the case of a Corner Lot or Through Lot, it is that line separating said lot from either street. In the case of a Waterfront Lot, it is the line separating the lot from the water.

B. REAR LOT LINE - The lot line opposite and most distant from the front lot line. In the case of a lot which is pointed at the rear, the rear lot line shall be an imaginary line parallel to the front lot line, not less than ten (10) feet long, lying farthest from the front lot line and wholly within the lot.

C. SIDE LOT LINE - Any lot line other than the front lot line or rear lot line. A side lot line separating a lot from a street or road is a STREET SIDE LOT LINE. A side lot line separating a lot from another lot is an INTERIOR SIDE LOT LINE.

LOT OF RECORD - A parcel of land, the dimensions of which are shown on a document or map on file with the County Register of Deeds or in common use by municipal or county officials, which actually exists as shown, or any part of such parcel held in a record ownership separate from that of the remainder thereof.

LOT WIDTH - The horizontal straight line distance between the side lot lines, measured between the two (2) points where the required front setback line intersects the side lot lines.
Section 2.14 Definitions - M

MANUFACTURED HOME - A transportable, factory-built home, designed to be used as a year-round residential dwelling.

MANUFACTURED HOME PARK - A parcel or tract of land under the control of a person upon which three (3) or more manufactured homes are located on a continual non-recreational basis and which is offered to the public for that purpose regardless of whether a charge is made therefore, together with any building, structure, enclosure, street, equipment, or facility used or intended for use incident to the occupancy of a manufactured home and which is not intended for use as a temporary trailer park.

MARINA - An establishment for the parking, storage, repair, and sale of boats and other water craft, but generally include restaurants, boat and water craft supply shops, and similar uses.

MASTER PLAN - The comprehensive plan known as the “Markey Township Master Plan” currently adopted by Markey Township, including written proposals indicating the general physical development of the Township, and any unit or part of such Plan and any amendment to such Plan.

MINI-STORAGE UNITS - See Section 2.04, COMMERCIAL STORAGE WAREHOUSE.

MOTEL/RESORT - Groups or furnished rooms or separate structures providing sleeping and parking accommodations for transient tourist trade, commonly known as MOTELS, RESORTS, motor courts, or cabin courts.

Section 2.15 Definitions - N

NONCONFORMING BUILDING OR STRUCTURE - A building or structure, the size, dimensions, or location of which was lawful prior to the adoption or amendment of the Zoning Ordinance, but that fails by reason of such adoption or amendment to conform to the present requirements of the Zoning District in which it is located.

NONCONFORMING LOT - A lot, the area, dimensions, or location of which was lawful prior to the adoption or amendment of the Zoning Ordinance, but that fails by reason of such adoption or amendment to conform to the present lot requirements of the Zoning District in which it is located.

NONCONFORMING USE - A use or activity of property that was lawful prior to the adoption or amendment of the Zoning Ordinance, but that fails by reason of such adoption or amendment to conform to the present use regulations of the Zoning District in which it is located.

NONRESIDENTIAL DISTRICT - This term shall include the C-1 and AS Zoning Districts.

NURSING HOME - A nursing care facility licensed as a “NURSING HOME” by the State Department of Public Health under article 17 of the public health code, Act No. 368 of the Public Acts of Michigan of 1978 (MCL 333.2010 et seq., MSA 14.15(20101) et seq.), as amended. A “NURSING HOME” as defined by this section shall include extended care facility and convalescent home.
Section 2.16 Definitions - O

OFF-STREET PARKING LOT - A facility providing parking spaces, along with adequate drives, maneuvering areas, and aisles, for the parking of more than three (3) vehicles.

Section 2.24 Definitions - Y

YARDS - The open spaces on the same lot with a main building that are unoccupied and unobstructed from the ground upward except as otherwise permitted in this Ordinance, and as defined herein.

A. FRONT YARD - An open space extending the full width of the lot, the depth of which is the minimum horizontal distance between the front lot line and the building line of the main building. In the case of a lot fronting on a river or lake, the front yard shall face the water.
B. **REAR YARD** - An open space extending the full width of the lot, the depth of which is the minimum horizontal distance between the rear lot line and the building line of the main building. In the case of a corner lot, the rear yard shall be opposite the street frontage of the principal street.

C. **SIDE YARD** - An open space between a main building and the side lot line, extending from the front yard to the rear yard, the width of which is the horizontal distance from the nearest point on the side lot line to the building line of the main building.

YARD, REQUIRED - The required yard shall be that set forth as the minimum yard setback requirements for each district.

**Section 2.25 Definitions - Z**

ZONING DISTRICT - A portion of the unincorporated area of the Township within which certain regulations and requirements, or various combinations thereof, apply under the provisions of this Ordinance.
Chapter 3
General Provisions

Section 3.01 Essential Public Services

The erection, construction, alteration or maintenance of Essential Public Services shall be permitted in any zoning district. It is the intention thereof to exempt such erection, construction, alteration or maintenance from the application of this Ordinance.

Section 3.02 Main Building

No more than one (1) main building may be located on a parcel, except for groups of related commercial buildings, multiple family dwellings, or manufactured homes contained within a single, integrated complex, sharing parking and access.

Section 3.03 Required Area or Space

A. No lot, adjacent lots in common ownership, required yard, parking area or other required open space shall be created, divided or reduced in dimensions or area below the minimum requirements of this Ordinance. If already less than the minimum requirements of this Ordinance, a lot or adjacent lots in common ownership or a required yard, parking area or other open space shall not be divided or reduced in dimensions or area so as to increase its noncompliance with the minimum requirements of this Ordinance. Lots or yards created after the effective date of this Ordinance shall comply with the requirements of this Ordinance.

B. Accessory buildings or structures, including, but not limited to, porches enclosed by walls, or garages, attached to a dwelling unit or other main building in a substantial manner, such as by a wall or roof, shall be deemed a part of such main building, for the purpose of determining compliance with the provisions of this Ordinance concerning required yards.

Section 3.04 Required Access

No Land Use Permit shall be issued unless the property for which the permit is requested fronts upon a designated and approved public or private road right-of-way or easement, at least the length of the minimum lot width as required for zoning district in which the lot is located. Dwellings located within an Open Space Preservation Development shall comply with the provisions of Section 3.26F.7

Section 3.05 Water and Sanitary Sewer Service

A. No structure for human occupancy shall be erected, altered, moved, or used in whole or in part for dwelling, commercial, or recreation purposes unless provided with a safe, sanitary, and potable water supply, with a safe and effective means of collection,
treatment, and disposal of human, domestic, and commercial waste. Such facilities, if not from an approved public system, shall conform with the minimum requirements for such facilities set forth by the State of Michigan Health Department and the County Health Department, the Subdivision Regulations, Building Code, and other applicable ordinances of Markey Township and Roscommon County.

B. No outside toilets shall hereafter be erected except as may be temporarily needed during construction on the premises, approved by the County Health Department.

Section 3.06 Illegal Dwellings

The use of any portion of a detached garage or accessory building for dwelling or sleeping purposes in any zoning district is prohibited. Basements shall not be used for sleeping purposes, unless adequate ingress and egress is provided per the requirements of the Township building code and other applicable regulations. In no case, shall any living space located in a basement be counted toward the required floor area living space for the district in which it is located.

Section 3.07 Regulations Applicable to Single-Family Dwellings Outside Manufactured Home Parks

Any single-family dwelling on a lot, whether constructed and erected on-site, or a manufactured home, shall be permitted only if it complies with the following requirements:

A. If the dwelling unit is a manufactured home, the manufactured home must either be new and certified by the manufacturer or appropriate inspection agency as meeting the Mobile Home Construction and Safety Standards of the U.S. Department of Housing and Urban Development, as amended, or any similar successor or replacement standards which may be promulgated, or used and certified by the manufacturer or appropriate inspection agency as meeting the standards referenced above, and found, upon inspection by the Building Inspector or his designee, to be in excellent condition and safe and fit for residential occupancy.

B. The dwelling unit shall comply with all applicable building, electrical, plumbing, fire, energy and other similar codes which are, or may be adopted by the Township. However, where a dwelling unit is required by law to comply with any federal or state standards or regulations for construction, and where such standards or regulations for construction are different than those imposed by Township codes, then such federal or state standards or regulations shall apply. Appropriate evidence of compliance with such standards or regulations shall be provided to the Building Inspector.

C. The dwelling unit shall comply with all restrictions and requirements of this Ordinance, including, without limitation, the minimum lot area, minimum lot width, minimum floor area living space, required yard and maximum building height requirements of the zoning district in which it is located.
D. The dwelling unit shall be firmly attached to a permanent continuous foundation constructed on the building site, such foundation to have a wall of the same perimeter dimensions as the dwelling unit and to be constructed of such materials and type as required by the building code for on-site constructed single-family dwellings. If the dwelling unit is a manufactured home, its foundation shall fully enclose the chassis, undercarriage and towing mechanism. The towing mechanism shall be removed.

E. If the dwelling unit is a manufactured home, it shall be installed pursuant to the manufacturer’s setup instructions and shall be secured to the building site by an anchoring system or device complying with the rules and regulations, as amended, of the Michigan Mobile Home Commission, or any similar or successor agency having regulatory responsibility for manufactured home parks.

F. If the dwelling unit is a manufactured home, the manufactured home shall be installed with the wheels removed.

G. The dwelling unit shall have a horizontal dimension across the front, side, and rear elevation of at least twenty-two (22) feet. Exception: Existing single section dwellings may be replaced by a single section dwelling that is five (5) or less years old, in the following areas, Higgins Lake Forest Estates #3 lots 485-513, and 663-685, Higgins-Houghton Highlands lots 1-95, and Woodland Acres lots 1-212. The single section dwelling shall be of the same square footage or greater.

H. Storage area shall be provided within the dwelling unit of no less than one hundred twenty (120) square feet. This storage area may consist of a basement, closet area, attic, or attached garage.

I. Permanently attached steps or porch areas at least three (3) feet in width shall be provided where there is an elevation difference greater than eight (8) inches between the first floor entry of the dwelling unit and the adjacent grade.

J. The pitch of the main roof of the dwelling unit shall not be less than four (4) feet of rise for each twelve (12) feet of horizontal run, and shall have not less than a six (6) inch overhang. Exception: Single Section Dwellings as described in section 3.07, G, are allowed to have main roof as manufactured.

K. The dwelling unit shall have no less than two (2) exterior doors, with one (1) being in either the rear or the side of the dwelling unit.

L. The dwelling shall not contain any additions of rooms or other areas which are not constructed with similar quality workmanship and materials as the original structure, including permanent attachment to the principal structure and construction of a foundation as required herein.
M. No building which has been wholly or partially erected or assembled on any premises located within or outside the Township of Markey, shall be moved to or placed upon any other premises in the Township without full compliance with the provisions of this Ordinance in the same manner as a new building.

Section 3.08 Condominium Conversions

Notwithstanding the provisions of section 3.03A, any resort existing at the time of adoption of this ordinance, may be converted to site condominiums, allowing individual ownership of units and property, provided the following requirements are met:

A. Only the land area and units existing at the time of adoption of this ordinance shall qualify for any reduction in size or setbacks, otherwise required for new development. Any additional site condominiums or dwellings proposed shall comply with all requirements of the zoning district in which the property is located.

B. An application shall be submitted in compliance with section 3.22 of this ordinance and all requirements of such section shall be met.

C. The following minimums shall be required of all conversions:
   1. Condominium dwelling: 400 sq.ft.
   2. Separation between buildings: 10 feet

D. Each condominium dwelling shall contain bathroom, cooking, and sleeping facilities.

E. All dwellings shall be connected to public water and/or sanitary sewer systems, if available within 300 feet of the subject property. If such public utility service is not available, written evidence shall be provided of County Health Department approval of each individual on-site water and/or wastewater system.

F. The Planning Commission and/or Township Board may attach such other conditions deemed necessary to meet the intent and spirit of this ordinance and to protect the health, safety, and general welfare of the community. Such conditions may include, but are not limited to: improving vehicular access, upgrading interior roads, providing screening or landscaping, and removing existing unsightly structures or features.

Section 3.09 Boat Houses

The boat house must not exceed the following requirements: Maximum sq. ft. 760 sq. feet, 10 foot side walls, Roof pitch maximum 4/12.

The needed permits from the D.N.R. or D.E.Q. for a boat well are required before review.
Boat houses may be serviced with electric service for the purpose of but not limited to general lighting, and electric boat hoists contained within the boat house, no well water, sewer or permanent heat allowed.

Existing boat houses in the above described areas can be replaced on the same footprint or smaller footprint, with a Land Use Permit, without a site plan review as long as the proper permits, D.N.R or D.E.Q… can be obtained, all new boat houses or increases in the footprint of a existing boat house will be subject to a site plan review by the Planning Commission.

Existing boat wells are exempt from current side set backs.

**Section 3.10 Required Buffer Strips**

In order to provide protective screening for residential areas adjacent to, or near non-residential areas, a landscaped buffer strip shall be provided along the district boundary line by the non-residential property owners.

A. Such buffer shall be a strip of at least twenty (20) feet in width which is planted and maintained with evergreen trees at least four (4) feet in height at the time of planting, and fifteen (15) feet on-center; or a compact hedge of evergreen shrubs at least four (4) feet in height, situated so as to provide an effective sound and visual buffer.

B. For each three (3) evergreen trees, or each forty-five (45) feet of linear frontage, one (1) deciduous tree shall be planted in the buffer strip. Such trees may be planted in a row, or clustered in a single location. Further, such deciduous trees shall have at least a two (2) inch caliper measured six (6) inches from ground level at the time of planting. All trees shall be properly maintained.

C. The portion of the buffer strip not covered by trees or hedges shall be planted with grass or other living material and kept in a healthy growing condition, neat and orderly in appearance. Further, any dead plant material shall be replaced by the property owner, within four (4) months of written notice by the Ordinance Administrator.

D. Any shrubs, bushes, or other plants which project into or across adjacent land may be trimmed back to the property line by the adjacent property owner.

E. The buffer shall not in any way cause a vision hazard at a road intersection, or driveway.

F. Where it is determined by the Ordinance Administrator that insufficient area is available to provide the required buffer strip, or that such vegetation screen would be ineffectual, a solid wall or fence at least four (4) feet in height, but not higher than eight (8) feet may be substituted.
Section 3.11  General Lighting and Screening Requirements

All lighting upon any premises, regardless of the zoning district, shall be so arranged that such lighting does not produce any glare which is nuisance or annoyance to residents or occupants of adjoining premises or to the traveling public on public highways.

Section 3.12  Corner Lots

A. A corner lot shall have two (2) front lot lines: a principal front lot line, and a secondary front lot line. The principal front lot line shall be the shorter of the two (2) lot lines. Where the lot lines are of equal length, or the principal front lot line is not evident, then the Ordinance Administrator shall determine the principal front lot line.

B. General Provisions

1. The required front setback shall be measured from both the principal and secondary front lot lines. For a corner lot with three (3) front setbacks, the remaining setback shall be a rear setback.

2. The remaining setbacks shall be a rear and a side setback. The rear setback shall be measured from the rear lot line, which in the case of a corner lot, shall be the lot line opposite the principal front lot line.

3. The width of a corner lot shall be determined by the entire length of that front lot line which is opposite the rear lot line.

C. Commercial and Airport Zoning Districts. For a corner lot which is completely within a C-1 or AS district, the setback along the secondary lot line(s) shall not be less than twenty-five (25) feet. All other setbacks shall comply with the minimum setback requirements of the zoning district within which the lot is located.

Section 3.13  Clear Vision

A. No plantings shall be established or maintained on any corner lot which will obstruct the view of a vehicle driver approaching the intersection. Such unobstructed corner shall mean a triangular area formed by the street right-of-way lines and a line connecting them at points thirty (30) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the right-of-way lines extended. This shall prohibit the planting of shrubbery which will achieve a height at maturity of more than thirty (30) inches.
B. No plantings shall be established in any required front yard which, in the opinion of the Ordinance Administrator, will obstruct the view from driveways or adjacent roadways of vehicles entering or leaving the site.

C. No plantings, landscaping, fences, or other structures or obstacles, except mail boxes and resident identification signs no greater than two (2) square feet in area, shall be placed in any road right-of-way.

Section 3.14 Accessory Buildings, Structures, and Uses

A. Accessory Buildings - General

1. Where an accessory building is attached to a main building, it shall conform to all setback requirements of this Ordinance applicable to the main building.

2. Accessory buildings shall not be located in any front yard, unless otherwise permitted by this Ordinance.

3. Accessory buildings shall not be permitted on a parcel without a principal building.

4. Accessory building, structures, and uses supplemental to the main building, which is permitted in any District, shall also be permitted when located on the same building lot, provided that such accessory buildings and uses conform to the provisions prescribed in this ordinance for the respective district.

Storage shed(s) up to a maximum of 200 square feet in area are permitted on any size building lot or parcel with a residence, only as an accessory use, provided such structure(s) metal all other zoning regulations and a land use permit is obtained as required from the Zoning Administrator.

The relationship between lot sizes and accessory building sizes in residential districts must adhere to any and all sections of this ordinance governing accessory buildings and lot coverage and must also meet the following restrictions:

a. Lots or parcels totaling 25,000 square feet or less, Total area of accessory buildings must not exceed the ground floor area of the principal building; but not to exceed 2000 square feet.

b. Lots or parcels totaling between 25,000 square feet and one (1) acre, the total area of accessory buildings must not exceed 2000 square feet.
c. Lots or parcels totaling between one (1) acre and two and one-half (2 ½) areas, the total area of accessory buildings must not exceed 2,500 square feet.

d. Lots or parcels totaling more than two and one-half (2 ½) acres, the total area of accessory buildings must not exceed 3,000 square feet.

B. Accessory Uses – General

1. Accessory uses are permitted only in connection with, incidental to, and on the same lot with a main use which is permitted in the particular zoning district. No accessory use may be placed on a lot without a main use.

2. An accessory use must be in the same zoning district as the main use on a lot.

3. No accessory use shall be occupied unless the main structure to which it is accessory is occupied.

C. Residential Accessory Buildings and Structures. Accessory buildings shall be permitted within the A-1, R-3, R-1a, R-1b, R-2, and MHP Districts or with any residential use provided that the following restrictions are met:

1. The combined floor area of all accessory buildings shall be as specified in the district regulations.

2. The total area occupied by the principal dwelling, all accessory buildings, and accessory structures such as breezeways, carports, gazebos, decks, patios and similar structures shall not exceed the maximum lot coverage permitted in each district.

3. No detached accessory building shall be located closer than the required setbacks for the zoning district in which the property is located.

4. Refer to Chapters 5 through 13, Zoning Districts, for height requirements.

5. If attached to the main building, the accessory building shall be constructed of like materials, similar design, and in a workman-like manner.

6. Private boat docks accessory to residential uses may be permitted under the provisions outlined in this subsection.
a. One (1) private boat dock per dwelling shall be permitted for each single family and two-family dwelling unit.
b. No more than one (1) boat slip per dwelling unit shall be permitted for multiple-family dwellings.
c. Boat docks and boat slips shall be used only by persons residing on the premises or their guests, and shall not be leased, rented, or otherwise made available for compensation, except in conjunction with the lease or rental of the dwelling unit on the same lot.

7. Accessory buildings shall be of similar design, construction, and appearance as the principal dwelling.

D. Other District Accessory Buildings and Structures. Accessory buildings shall be permitted within the C-1 and AS Districts provided the following restrictions are met:

1. The total area occupied by the principal building and all accessory buildings shall not exceed the maximum lot coverage permitted in each district.

2. Detached accessory buildings shall meet all setback requirements as for principal buildings, for the zone district in which they are located.

3. No detached accessory building shall be located nearer than eighteen (18) feet to any other building on the property.

4. No accessory building shall exceed the permitted height for main buildings in the district in which it is located.

5. Shipping / Storage containers are allowed in AS (Airport Service District) Shipping Storage i.e. metal containers used for rail and/or ocean shipping.

Section 3.15 Fences

A. Installation of fences in all Zoning Districts requires a Land Use Permit.

B. Fences erected in any front yard in a residential district shall not exceed four (4) feet in height. Fences within any front yard shall be of a type which is not more than fifty (50) percent solid, so as not to obscure vision at the right-of-way or property line of the lot or parcel on which it is placed.

C. Six (6) foot privacy fences, the height of which is measured from the surface of the ground, to the uppermost portion of the fence, may be erected up to a total of twenty (20) feet in length, and shall be setback inside the side or rear property line.

D. Fences in residential districts or enclosing residential uses shall not contain barbed wire or be electrified, unless in the A-1 district, and used in connection with a farm operation.
E. Fences in nonresidential districts shall not exceed six (6) feet in height in any yard, and shall not be more than fifty (50) percent solid in the front yard, unless otherwise provided in this Ordinance.

F. Fences in nonresidential districts which enclose storage lots or other areas requiring security may contain barbed wire, provided that the barbed portion of the fence shall not be nearer than eight (8) feet from the surface of the ground. Under no circumstances shall razor wire be used. The total height of fences in any non-residential district shall not exceed ten (10) feet, and may be permitted in the rear yard only.

G. Fences shall not be erected within any public right-of-way in any district.

H. Fences shall not be erected or maintained in any district in such a way as to obstruct the vision of vehicle drivers within the clear vision area as outlined in Section 3.13, for corner lots. Further, clear vision shall be maintained at all driveways between the heights of three (3) feet and ten (10) feet above the ground surface, in a triangular area formed by the road right-of-way line, the outside edge of the driveway, and a line connecting them at points ten (10) feet from their intersection.

I. Snow fences are considered temporary, and must be installed after November 1, and removed by the following May 1.

J. Living fences, such as dense evergreen or other form of shrub, shall be at least forty-eight (48) inches from the inside of the lot line and comply with this ordinance.

K. A Land Use Permit is required to install all fences including those for special uses. Special use fences include, but are not limited to pet enclosures and swimming pools.

Section 3.16 Temporary Dwelling, Tent, Camper or Recreational Vehicle

One temporary dwelling, tent, camper or recreational vehicle will be permitted on a lot in all residential zones for a period not to exceed three (3) days for the purpose of accommodating guests or owner’s family members, without the necessity of obtaining a permit under this ordinance. For any such purpose which will exceed three (3) days, a permit must be obtained from the Ordinance Administrator. Said permit may be issued for seven (7) additional days and the fee for said permit shall be determined by the Township Board. A maximum of two (2) seven-day permits may be issued, per property, per calendar year. (Amended 9/4/09.)

Section 3.17 Low Profile Accessory Use

Application by the homeowner and subsequent approval by the Ordinance Administrator is subject to review by the Markey Township Planning Commission. If documented complaints justify a review, the applicant will be notified of the date, time and location of the review by certified mail. In the event that said use is revoked by the Ordinance Administrator or the Markey Township Planning Commission, the Applicant may apply for a Home Occupation
Permit. The Non-Refundable Fee for a Low Profile Accessory Use Permit is set by the Markey Township Board

Section 3.18 Home Occupations

A. A request for a Land Use Permit shall be submitted in writing to the Township Ordinance Administrator who shall forward the request to the Planning Commission for a decision. At a minimum, the request shall provide the following information:

1. Type of activity
2. Hours of operation
3. Amount and type of waste (material and effluent) to be generated and the amount of handling and disposing of all waste.
4. Anticipated impacts including levels of noise, odor, glare, dust, fumes and similar nuisance effects.
5. Anticipated traffic levels (customers, delivery vehicles, etc.)

B. Such occupation shall only be conducted by the person or persons occupying the premises as their principal residence while the occupation is being conducted.

C. Required parking shall be provided off-street, in accordance with the applicable provisions of this ordinance, and shall not be permitted within the front yard. One vehicle of one ton capacity or less and one trailer of 5,000 lb. capacity or less directly related to the business may be parked at the residents.

D. All activities connected with the home based occupation shall be conducted entirely within the dwelling or an approved accessory building and shall not result in the alteration of the dwelling, nor the construction of an accessory building which is not customary to or compatible with the residential character of the district in which it is located. No building or activity which requires automatic fire suppression, explosion proof construction, paint booths, hazardous waste containment (except for small quantities of motor oil, lubricants, or anti-freeze), or similar specialized systems shall be permitted.

E. There shall be no exterior evidence, other than a permitted sign, that a home based occupation is being conducted on the premises.

F. The home based occupation shall be clearly incidental and subordinate to the principal use of the premises for residential purposes.

G. No goods or services shall be sold which are not strictly incidental to the home based occupation conducted therein.
H. No occupation shall be permitted or conducted upon or from the premises which would constitute a nuisance or annoyance to nearby residents by reason of noise, smoke, odor, electrical disturbance, night lighting, or creation of traffic out of character with the surrounding residential area. In any case, no such nuisance effects shall be discernable beyond the boundaries of the property on which the occupation is conducted.

I. A Land Use permit shall be required and any Home-Based Occupation shall be subject to annual inspections by the Ordinance Administrator. The Land Use Permit may be terminated at any time by order of the Ordinance Administrator or the Planning Commission if it is determined that the occupation doesn’t comply with the standards and requirements of this section.

J. The Planning Commission shall review the request and determine whether or not a proposed use complies with the Zoning Ordinance and is consistent with the intent and spirit of such ordinance. In addition to the requirements of this section, the Planning Commission shall also consider the following in deciding whether to approve a request for home based occupation: compatibility of the proposed use with the character of the zoning district in which it is located; protection of the health, safety, and general welfare of the surrounding properties; not have a negative effect on neighboring property values; and not have a detrimental impact on the viability of commercially zoned property within the Township. The applicant for a home based occupation shall also demonstrate to the Planning Commission why the proposed use would not be more appropriately located within an established commercial district.

Section 3.19 Garage Sales

Garage sales, yard sales, or any other offering of incidental and sundry items for sale shall be permitted on any one (1) piece of property only three (3) times during any one (1) year, and at no time shall such sale have a duration of more than three (3) days. A permit for such sale shall be obtained at the Markey Township Hall. One (1) sign advertising the sale may be permitted for the sale two (2) days before the sale. All signs must be removed immediately after the sale. Signs shall be on premises of the sale, however, one (1) sign may be permitted on a main highway for the side street sales.

Section 3.20 Flood Plain

The flood plain area of lakes, ponds, rivers, and streams and their branches and tributaries shall be determined from time to time by the Federal Emergency Management Agency (FEMA), the County Engineer, the U.S. Army Corp of Engineers, or other official U.S. or Michigan, public agency responsible for defining and determining flood plain areas. No building for human occupancy shall be erected or hereafter occupied, if vacant, in such designated flood plain areas.
Section 3.21 Keeping of Animals

A. The keeping of dogs is permitted as an accessory use in any Residential District as outlined below.

1. Kennels may be permitted as indicated in Chapters 5 through 13.

2. Keeping of dogs for personal enjoyment without remuneration.
   a. A maximum of three (3) dogs per household.
   b. For non-commercial kennels to house working dogs, a minimum of one (1) acre for the first two (2) dogs, and an additional one (1) acre shall be required for each dog after the first two (2). A maximum of five (5) dogs shall be permitted on any one (1) parcel.

B. The keeping of animals not normally considered indoor, household pets, including, but not limited to, horses, pigs, sheep, cattle, pigeons and poultry is prohibited in the R-1a, R-1b and MHP districts. Keeping animals is permitted with the following restrictions, with the exception of a bona fide farm, in the R-2, R-3 and A-1 Zoning District:

1. A minimum lot size of five (5) acres shall be required for the first animal unit, or combination of animals equaling one (1) animal unit, and one (1) acre for each additional animal unit, or combination of animals equaling one (1) animal unit.

2. For this subsection, one (1) animal unit shall be equal to the following:
   Two (2) horses, donkeys, mules, or dairy or beef cows;
   Three (3) pigs;
   Twenty (20) sheep, lamb, or goats;
   Fifty (50) chickens, turkeys, ducks, or pigeons; and
   Seventy-five (75) rabbits.

3. An accessory building used to house, feed or shelter the animals shall not be nearer than one hundred (100) feet to any property line, and it shall be so constructed and maintained that odor, dust, noise, or drainage shall not constitute a nuisance or hazard to adjoining or nearby parcels.

4. Any grazing or exercise area shall not be nearer than one hundred (100) feet to any dwelling adjacent to the subject parcel.

C. The keeping of wild or exotic animals shall not be permitted in any district without a permit from the state and county agencies responsible for regulating such activities.

Section 3.22 Condominiums and Site Condominium Projects

Pursuant to authority conferred by Section 141, of the Condominium Act, Act 59 of 1978, as amended, all site condominiums shall be reviewed and are subject to approval of the Township Board as outlined in this section. In determining whether to approve a condominium subdivision plan, the Township Board shall consult with the Planning Commission, Ordinance Administrator, Township Attorney, and Township Engineer regarding the adequacy of the master deed, deed restrictions, utility systems and streets, subdivision layout and design, and compliance with all requirements of the Condominium Act.
A. Definitions.

1. CONDOMINIUM PROJECT - A plan or project consisting of not less than two (2) condominium units established in conformance with the Condominium Act.

2. CONDOMINIUM SUBDIVISION PLAN - The drawings and information prepared and required pursuant to section 66, of the Condominium Act and such other information as required by this Ordinance.

3. CONDOMINIUM UNIT - That portion of the condominium project designed and intended for separate ownership and use, as described in the master deed. A condominium unit is not a lot or parcel as those terms are used within the Zoning Ordinance.

4. CONSOLIDATING MASTER DEED - The final amended master deed for a contractible condominium project, an expandable condominium project, or a condominium project containing convertible land or convertible space, the final amended master deed will fully describe the condominium project as completed.

5. CONTRACTIBLE CONDOMINIUM - A condominium project from which any portion of the submitted land or buildings may be withdrawn pursuant to express provision in the condominium documents and in accordance of the condominium project.

6. CONVERSION CONDOMINIUM - A condominium project containing condominium units some or all of which were occupied before the establishment of the condominium project.

7. CONDOMINIUM AREA - A unit or a portion of the common elements of the condominium project referred to in the condominium documents within which additional condominium units or general limited common elements may be created pursuant to express provision in the condominium documents and in accordance with this Ordinance and the Condominium Act.

8. EXPANDABLE CONDOMINIUM - A condominium project to which additional land may be added pursuant to express provision in the condominium documents and in accordance with this Ordinance and the Condominium Act.

9. FRONT YARD SETBACK - The distance between the front yard area line and the condominium dwelling.

10. LOT - The same a “Condominium Unit”, as defined herein.

11. MOBILE HOME CONDOMINIUM PROJECT - A condominium project in which mobile homes as defined in Section 30a, of the Act 300 of Public Acts or 1949, MCL 257.30a, are intended to be located upon separate sites which constitute individual condominium units.

12. MASTER DEED - The condominium document as described and required by section 8, of the Condominium Act as approved by the Township Board to which
are attached as exhibits and incorporated by reference the approved bylaws for the project and the approved condominium subdivision plan for the project.

13. **REAR YARD SETBACK** - The distance between the rear yard area line and the condominium dwelling.

14. **SIDE YARD SETBACK** - The distance between the side yard area line and condominium dwelling.

B. **Information requested.** Concurrently with the notice required to be given Markey Township pursuant to section 71, of the Condominium Act, a person, firm, or corporation intending to develop a condominium project shall provide the following information with respect to the project:

1. The name, address, and telephone number of:
   a. All persons, firms, or corporations with an ownership interest in the land on which the condominium project will be located together with a description of the nature of each such entity interest.
   b. All engineer, attorneys, architects or registered land surveyors associated with the project.
   c. The developer or proprietor of the condominium project.

2. The legal description of the land on which the project will be developed as well as the appropriate tax identification number(s).

3. The amount of acreage of the land on which the project will be developed.

4. The purpose of the project (i.e., residential, commercial, industrial, etc.)

5. Number of condominium units for the project.

6. Whether or not a community water system is proposed.

7. Whether or not a community septic system is proposed.

The above information shall be furnished to the Township Board and Ordinance Administrator, and shall be kept updated until such time as a Certificate of Occupancy has been issued.

C. **Site Plans - Condominium Plans.** Prior to recording of the master deed required by section 72, of the Condominium Act, as amended, the project and condominium subdivision plan shall undergo site plan review according to Section 15.1 of this Ordinance. All condominium plans, for site plan review, shall include the information required by section 66, of the Condominium Act including the following:
1. A survey plan of the condominium subdivision.

2. A flood plain plan, when appropriate.

3. A site plan showing the location, size, shape, area, and width of all condominium units.

4. A site plan showing the location, size and number of each parking space with dimensions showing their relationship to all of the condo units.

5. A utility plan showing all sanitary sewer, water, and storm sewer lines, and any easements granted to an entity other than the developer or owners association for installation, repair, and maintenance of all utilities. To the maximum extent possible, all utility lines should be located in the street right-of-way.

6. A street construction, paving, and maintenance plan for any street within the proposed condominium project. All streets within the condominium project must be constructed in compliance with the Private Road provisions of this ordinance (Section 3.23).

7. A storm drainage and storm water management plan, including all lines, swales, drains, basins, and other facilities approved by the County Drain Commission.

8. Each plan must be submitted on a separate sheet. A composite sheet of all the plans must also be included.

Prior to expansion or conversion of a condominium project to additional land, the new phase of the project shall undergo site plan review and approval pursuant hereto and Section 15.1 of this Ordinance.

D. Site Condominium Projects - Monuments Required. All condominium projects which consist in whole or in part of condominium units which are building sites, mobile home sites, or recreations sites shall be marked with monuments as provided in this subsection.

1. Monuments shall be located in the ground and made according to the following requirements. It is not intended or required that monuments be placed within the traveled portion of a street to mark angles in the boundary of the condominium project if the angle points can be readily re-established by reference, to monuments along the sidelines of the streets.

2. All monuments used shall be made of solid iron or steel bars at least one-half (½) inch in diameter and thirty-six (36) inches long and completely encased in concrete at least four (4) inches in diameter.
3. Monuments shall be located in the ground at all angles in the boundaries of the condominium project: at the intersection lines of streets where such lines intersect the boundaries of the condominium project, and at the intersection lines of alleys where such lines intersect the boundaries of the condominium project; at all points of curvature, points of tangency, points of compound curvature, points of reverse curvature, and angle points in the side lines of street and alleys; at all angles of an intermediate traverse line and at the intersection of all limited common elements and all common elements.

4. If the required location of a monument is an inaccessible place, or where the locating of a monument would be clearly impracticable, it is sufficient to place a reference monument nearby and the precise location thereof be clearly indicated on the plans and referenced to the true point.

5. If a point required to be monumented is on a bedrock outcropping, a steel rod, at least one-half (½) inch in diameter shall be drilled and grouted into a solid rock to a depth of at least eight (8) inches.

6. All required monuments shall be placed flush with the ground where practicable.

7. All unit corners shall be monumented in the field by iron or steel bars or iron pipes at least eighteen (18) inches long and one-half (½) inch in diameter, other markers may be approved by the Township Board.

8. The Township Board may waive the placing of any of the required monuments and markers for a reasonable time, not to exceed one (1) year, on the condition that the proprietor deposit with the Township Clerk cash or a certified check, or irrevocable bank letter of credit running to the Township of Markey, whichever, the Township selects, in an amount not less than twenty-five dollars ($25.00) per monument, and not less than one hundred dollars ($100.00) total. Such cash certified check or irrevocable bank letter of credit shall be returned to the proprietor upon receipt of a certificate by a surveyor that the monuments and markers have been placed as required within the time specified.

E. All Condominium Projects - Monuments Required. All condominium projects shall be marked at their boundaries with monuments meeting the requirements of Section D, 2, above.

F. State and County approval. The developer or proprietor of the condominium project shall provide to the Township appropriate documentation establishing that appropriate State and County approvals have been received regarding the fresh water system of the proposed project and regarding the waste water disposal system for the proposed project.

G. Compliance with Federal, State, and Local law. All condominium projects shall comply with federal and state statutes and local ordinances.

H. Single Family and Multiple Detached Condominiums.

1. Single family and multiple detached condominiums shall be subject to all requirements of section 16.07
2. In the event the project will include recreation space or open space for park, environmental preservation, or other aesthetic reasons, then the project may provided for lots smaller in area than that required by the zoning district in which it is located; provided, however, under no circumstances shall the project contain more units than would be allowed if there was no such open space. In computing the number of units allowable in relation to the overall acreage of the project, the area comprising the streets and roads within the project shall not be included in determining the number of units in the project.

I. Subdivision of Condominium Units. All subdivisions of individual condominium units shall conform to the requirements of this Ordinance or minimum lot width, lot area, and the building setback requirements, shall be approved by the Planning Commission, and these requirements shall be made part of the bylaws and recorded as part of the Master Deed.

J. Encroachment Prohibited. Encroachment on one (1) condominium unit upon another, as described in section 40, of the Condominium Act, shall be prohibited by the Condominium Bylaws and recorded as part of the master deed.

K. Relocation of Boundaries. The relocation of boundaries, as described in section 48, of the Condominium Act, shall conform to all setback requirements of this ordinance for the district in which the project is located, shall be approved the Ordinance Administrator, and this requirements shall be made part of the bylaws and recorded as part of the master deed.

L. Documents to be filed with Markey Township. After final approval, the condominium project developer or proprietor shall furnish to the Ordinance Administrator a copy of the recorded master deed with Exhibits A and B, and any and all amendments thereto.

M. Condominium Plans - Copy Requirements. After submittal of the condominium plan and by-laws as part of the master deed, the proprietor shall furnish the Township of Markey and Roscommon County Register of Deeds with a copy of the site plan on a photographic hard copy, laminated photo static copy or Mylar sheet of at least thirteen inches by sixteen inches (13" X 16") with an image not to exceed ten and one-half inches by fourteen inches (10.5" X 14").

N. Procedure. The Township of Markey requires that all condominium projects be reviewed and approved according to a two step process a “Preliminary Site Plan Approval”, and “Final Site Plan Approval”.

1. Preliminary site plan.

   a. The applicant for all condominium projects are required to submit at least ten (10) copies of the preliminary site plan to the Township Clerk with the information as required under paragraph B, and C, herein. The Township Clerk will provide copies of the site plan to the Planning Commission and the Ordinance Administrator.

   b. Submittal of the preliminary site plan must be received by the Township Clerk at least thirty (30) days prior to the next regularly scheduled Planning Commission meeting. The Township Clerk shall not place the submittal on the agenda until all required information has been properly provided. Once officially placed on the agenda, the Planning Commission
shall approve, conditionally approve or deny in accordance with the time requirements of Section 15.1 of this Ordinance.

c. The Planning Commission shall review the preliminary site plan and the comments of any Township consultants, and shall approve, deny, or grant conditional approval subject to specific modification and changes all to be recorded in the minutes of the meeting.

d. The Planning Commission shall note its approval on the copy of the preliminary plan and return to the proprietor or set forth reasons in its minutes for rejection or requirements for approval. The Planning Commission may require the submission of other pertinent related data as it deems necessary. After approval, the Township Clerk shall distribute approved copies to:

i. One (1) copy to proprietor.
ii. One (1) copy as a matter of permanent record to the Planning Commission files.
iii. One (1) copy to the Township Ordinance Administrator.

e. The proprietor, upon receiving the preliminary site plan approval from the Planning Commission, shall submit the preliminary plan to all authorities required by Public Act 59 or 1978, as amended, to include but not limited to:

i. County Drain Commissioner.
ii. County Road Commission.
iii. County Health Department.

f. Preliminary site plan approval shall confer upon the developer a commitment of approval for a period of one (1) year with regard to the size, shape and layout of the building site and street layouts. Such preliminary plan approval may be extended if applied for by the proprietor within the effective period, and approved by the Planning Commission.

2. Final condominium subdivision plan review.

a. The applicant for a final site plan shall submit the plan to the Planning Commission and Township Board for its review. Plans and documentation shall be detailed sufficiently for the Planning Commission and Township Board to determine the project compliance with all applicable laws, rules, codes, ordinances, and approved site plans.

b. The final condominium subdivision plan to be recorded shall include the following certificates similar to those as prescribed in the Subdivision Control Act for a recorded plat, lettered or printed legibly with black, durable ink or typed legibly with black ribbon shall appear on it an the certificate shall contain the following statements and shall be signed and dated by the appropriate authority:

i. A surveyor’s certificate of compliance with the statute.
ii. A certificate of taxes being paid, from the Roscommon County Treasurer.
iii. A certificate of approval from the County Drain Commissioner.
iv. A certificate of approval from the Board of County Road Commissioners if public streets and roads shown on the development will be under its jurisdiction and, if any of the streets or roads are private, a certificate from the Township consultant that it complies with the standards for private roads and drives as adopted by the Township.

v. A certificate of approval of the governing body if the development meets compliance with this ordinance.

vi. A certificate of approval from the County Health Department.

c. The Planning Commission will ascertain that the development has complied with the preliminary site plan approval requirements as specified therein.

d. The developer/project applicant also shall submit for review and approval by the Township Attorney a copy of the proposed master deed and any additional information to be recorded at the County Register of Deeds.

e. At a regularly scheduled meeting or a special meeting called for that specific purpose, the Planning Commission shall approve the final site plan and documents if all of the requirements have been met to the satisfaction of the Commission.

f. If granting approval of the final condominium subdivision plan, the Planning Commission shall instruct the Ordinance Administrator to issue a land use permit. Building Permits, Site Construction Permits and Certificate of Occupancy are in the purview of County agencies, but the Township shall issue land use permits and Zoning Ordinance Compliance Certificates prior to the County issuing their final permits for Certificate of Occupancy. If the Planning Commission disapproves the final site plan, specific reasons shall be given.

g. The Planning Commission shall render its decision on the final site plan within sixty (60) days after receiving the final site plan unless the time period is extended by mutual agreement between the developer/applicant and the Planning Commission.

Section 3.23 Private Roads

A. Purpose. The Township has determined that it is in the best interest of the community to regulate the construction, improvement, extension, relocation, and use of private roads. These provisions have been enacted to insure that:

1. Proposed private roads will not be detrimental to the public health, safety, or general welfare.

2. Proposed private roads will not adversely affect the long term development policies of Markey Township.

3. Private roads will be designed and constructed with adequate width, road surface, and grade to insure safe passage and maneuverability of private vehicles, as well as police, fire, ambulance, and other safety vehicles.
4. Private roads will be constructed so as to protect against or minimize soil erosion, and prevent damage to the lakes, rivers, streams, wetlands, and natural environment of Markey Township.

B. The following terms found in this Section shall be defined as outlined below. Terms not herein defined shall have the meaning customarily assigned to them.

1. Certificate of compliance - A document signed by an authorized Township official as a condition precedent to the commencement of opening a private road which acknowledges that such road complies with the provisions of this Ordinance.

2. Cul-de-sac - A road with a single, common ingress and egress, with a turnaround at the end.

3. Design professional - A registered land surveyor or certified civil engineer.

4. Road commission - The Roscommon County Road Commission.

5. Road surface - The portion of the right-of-way treated for safe passage of all types of motorized vehicles that meet the minimum standards outlined in this Ordinance.

C. Application Procedure. The application packet for the construction of a Private Road shall be submitted to the Ordinance Administrator. The application packet shall contain the following to be considered a complete packet:

1. An application form supplied by the Township, completed by the applicant.

2. Payment of a fee for such permits shall be submitted. Such fee shall be established by the Township Board from time to time by resolution.

3. Ten (10) copies of a site plan, drawn to scale, shall be submitted. Such site plan shall include the following:

   a. The precise location of the private road.
   b. Road grade.
   c. Road route.
   d. Road elevation.
   e. Road dimensions.
   g. Existing features within three hundred (300) feet of the proposed road.
   h. Other roads within three hundred (300) feet of the proposed road, and any road to which the proposed road connects.
   i. Location of public utilities.
j. Location of lakes, rivers, streams, wetlands, and significant natural features within one hundred (100) feet of the proposed road.

k. Any proposed extensions to the road, or additional phases of construction.

l. A small map to illustrate the proposed road location in relation to the existing Township road system.

D. Review Procedure.

1. The application packet shall be forwarded to the Township Board, at the next scheduled meeting. The Board shall then schedule a public hearing within forty (40) days of their receipt of the application packet.

2. The Township Board shall hold a public hearing on the application.

   a. Prior to the hearing, the Township shall cause a notice to be published in a newspaper with general circulation in the Township, such notice shall indicate that the Board will hold a public hearing regarding the proposed private road, including the proposed road location (by approximate common address), where the hearing will take place, the date and time of the hearing, and an address where comments may be sent regarding the request.

   b. Further, the same notice shall be sent, or personally delivered to all property owners adjacent to the properties to be served by the proposed road, as indicated by the last tax assessment roll.

   c. Said notices shall be published and sent not less than fifteen (15) days prior to such hearing.

3. The Board shall consider the application based on the standards outlined in Subsection E, of this Ordinance.

4. The Township Board may request the Planning Commission review the private road application, and make a recommendation. The Planning Commission shall use the same standards as outlined in Subsection E, in making their recommendation.

E. Design Requirements. The construction of private roads shall comply with the following standards:

1. No private road shall extend for a distance more than two thousand six hundred forty (2,640) feet in length from the nearest public road right-of-way, without a second direct access available from another public road. Said distance shall be measured along the centerline of the private road.
2. All private roads shall have a recorded permanent right-of-way and easement with a minimum width of forty-five (45). Public utilities shall be permitted to be installed in a required fifteen (15) foot wide utility easement on both sides of the right-of-way.

3. The road surface shall follow as closely as practicable, the centerline of the right-of-way. The Board may permit variations if the applicant can demonstrate that adhering to the strict letter of the Ordinance will diminish the rural character of the area, or will result in the removal or degradation of significant natural features.

4. The road surface shall be a minimum of twenty (20) feet in width.

5. Roadside ditches shall be at least twenty-four (24) feet apart, have a minimum depth of eighteen (18) inches, and a minimum width at the bottom of twenty-four (24) inches.

6. In any case, the road, including the surface and shoulders, shall be constructed to meet the road commission specifications for local roads.

7. The maximum longitudinal road grade shall not exceed six percent (6%), however, if the applicant produces written justification satisfactory to the Township engineer, that an increase in the road grade will not adversely affect public safety and the design of the road system(s), then ten percent (10%) grade may be permitted.

8. The layout of the private road and the intersections of the private road with any other road shall be such that clear vision and safe turning and travel in all directions at the posted speed limit is assured, as determined by the Ordinance Administrator or Township engineer. The minimum distance between intersections shall not be less than three hundred (300) feet, as measured along the right-of-way line.

9. The private road shall be constructed with storm water run-off culverts and drainage contours as is required by the Roscommon County Drain Commission, if the Ordinance Administrator or Township engineer determines construction with such systems would promote the Purpose of this Ordinance.

10. All roads may be named by the applicant, however, the road commission is not obligated to approve said road name if it is the same as, or in their opinion closely resembles an existing road name. The street addresses shall be posted in a conspicuous place at the entrance to the private road.
11. Stop signs shall be provided, by the applicant, at the intersection of the private road and any other road. All signs shall be in accordance with the Michigan Manual of Uniform Traffic Control Devices.

12. Frontage.
   a. Parcels utilizing a private road shall have frontage on the private road for a distance equal to, or greater than the minimum lot width required for the Zoning District in which the parcel is located.
   b. If the road surface ends at the parcel, and the lot has access to the road by a cul-de-sac or continuous loop, then the frontage shall be not less than one hundred (100) feet.
   c. The right-of-way shall continue the entire length of the end lot(s), for possible future development. If the applicant can demonstrate that no future development can take place because of soil type or topography, for example, then the Board may waive this requirement.

13. A cul-de-sac, or a continuous loop shall be required at the end of any dead-end private road. The cul-de-sac shall have minimum radius of seventy-five (75) feet, and a road surface radius of forty-five (45) feet.

14. All existing private roads shall be made to comply with these standards if another private road connects to it, it is extended, or if additional lots are created adjacent to it, and to be served by it.

15. At the initiation of a property owner(s) being served by the private road, or the Board, private road rights-of-way may be vacated after a public hearing as outlined under Section 3.22, D, parts 1, 2, and 4. However, a public utility easement shall be maintained where the right-of-way was abandoned.

F. Maintenance and Repairs.
1. Private roads shall be maintained in manner that complies with the provisions of this Ordinance.

2. All private roads shall be continuously maintained in such way that they will not constitute a danger to the health, safety, and welfare of the inhabitants of the Township and are readily accessible to, and usable by emergency vehicles in all types of weather.

3. All costs for maintenance and repair of the private road shall be the responsibility of the property owners served by the private road.

4. The applicant shall provide the Board with a recordable Private Road Maintenance Agreement which shall indicate that the road will be regularly maintained, repaired, and snow plowed, so as to insure that the provisions of this Ordinance are complied with. The maintenance agreement shall also indicate the responsible parties for carrying out the private road maintenance outlined in said agreement.
G. Effect of Approval. The private road approval shall not become effective until the applicant provides the following:

1. A letter indicating acceptance of all conditions of approval made by the Board.

2. A letter indicating that by applying for or securing a permit to construct the private road they shall indemnify and will hold the Township harmless from any and all claims for personal injury or property damage arising out of the use of the private road, or of the failure to properly construct, maintain, use, repair, and replace the private road.

3. Prior to the beginning of road construction, the Board may require as a condition of approval, the applicant to provide a performance guarantee, in accordance with following:

   a. As a condition of approval, the Township Board may require a financial guarantee of sufficient sum to assure the installation of those features or components of the approved activity or construction which are considered necessary to protect the health, safety, and welfare of the public and the users of the proposed development. Such features or components, hereafter referred to as “improvements.”

   b. Performance guarantees shall be processed in the following manner:

      i. Prior to the issuance of a Permit, the applicant shall submit an itemized estimate of the cost of the required improvements which are subject to the performance guarantee, which shall then be reviewed by the Township Supervisor. The amount of the performance guarantee shall be one hundred percent (100%) of the cost of purchasing materials and installing the required improvements, plus the cost of necessary engineering and a reasonable amount for contingencies.

      ii. The required performance guarantee may be in the form of a cash deposit, certified check, irrevocable bank letter of credit, or surety bond acceptable to the Township.

      iii. Upon receipt of the required performance guarantee, a Permit for the subject development shall be issued, provided it is in compliance with all other applicable provisions of this Ordinance and other applicable Ordinances of the Township.

      iv. The Township Treasurer will refund to the developer portions of the performance guarantee, only after written notice from the Township Supervisor, that the improvements for which the rebate has been requested have been satisfactorily completed. The portion of the performance guarantee to be rebated shall be in the same amount as stated in the itemized cost estimate for the applicable improvements.

      v. When all of the required improvements have been completed, the applicant shall send written notice to the Township Supervisor of completion of said improvements. Thereupon, the Township Supervisor shall cause a final inspection to be made of the improvements and approve, partially approve, or reject the
improvements with a statement of the reasons for any rejections. If partial approval is granted, the cost of the improvement rejected shall be set forth.

vi. A record of authorized performance guarantees shall be maintained by the Township Clerk.

4. Private road construction is to be completed within one (1) year of approval by the Board. Failure to complete private road construction within one (1) year shall render said approval null and void.

5. Upon completion of the private road, the applicant shall provide a letter signed by their design professional indicating the private road has been constructed to meet the standards outlined in this Ordinance.

H. Permits.

1. The Board may elect to have all design and construction plans, and maintenance agreements or other covenants reviewed by the Township attorney, engineer, and/or planner, as applicable, prior to consideration of the application for the private road permit.

2. No Building Permits shall be issued for construction of any building or structures on lots or condominium units served by a private road until construction of the private road as approved by the Board has been completed and certificate of compliance has been issued.

3. A driveway permit shall be obtained from the Roscommon County Road Commission prior to issuance of any Building Permit.

4. A Soil Erosion and Sedimentation Control permit shall be obtained from the Roscommon Drain Commission, as may be required by the Soil Erosion and Sedimentation Control Act of 1972, as amended.

5. It shall be the applicant’s responsibility to obtain all applicable State and Federal permits for the road construction.

Section 3.24 Nonconforming Lots of Record, Uses, and Buildings and Structures

A. Intent

1. It is recognized that there exist in zoning districts certain lots, buildings and structures, and uses which were lawful before this Ordinance was passed or amended, which would be prohibited, regulated, or restricted under the terms of this Ordinance. It is the intent of this Section to permit legal nonconforming lots, buildings and structures, and uses to continue until they are removed, but not to encourage their survival.
2. Nonconforming lots, uses, and buildings and structures are declared by this Ordinance to be incompatible with permitted uses in the districts in which they are located. It is the intent of this Section that these non-conformities shall not be enlarged upon, expanded, or extended, nor be used as grounds for adding other buildings, structures or uses prohibited elsewhere in the district.

3. Nothing in this Ordinance shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this Ordinance and upon which actual building construction has been diligently conducted.

B. Nonconforming Lots of Record

Where a lot of record in existence at the time of the adoption or amendment of this Ordinance does not meet the minimum requirements for lot width or lot area, such lot of record may be used for any use permitted by right in the zoning district in which the lot is located, subject to approval of water supply, and sanitary sewer or septic system by the County Health Department, or other proper agency having jurisdiction, further, the requirements on chart 14.01B shall be met for the zoning district in which the lot is located. (as amended #1 5/21/04)

C. Nonconforming Uses

1. No nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of the adoption or amendment of this Ordinance.

2. No part of any nonconforming use shall be moved unless such movement eliminates the non-conformity.

3. If a nonconforming use is abandoned for any reason for a period of more than one (1) year, any subsequent use shall conform to the requirements of this Ordinance. A nonconforming use shall be determined to be abandoned if one (1) or more of the following conditions exists, and which shall be deemed to constitute an intent on the part of the property owner to abandon the nonconforming use:

   a. Utilities, such as water, gas and electricity to the property, have been disconnected;
   b. The property, buildings, and grounds, have fallen into disrepair;
   c. Signs or other indications of the existence of the nonconforming use have been removed;
   d. Equipment or fixtures necessary for the operation of the nonconforming use have been removed;
e. Other actions, which in the opinion of the Ordinance Administrator, constitute an intention of the part of the property owner or lessee to abandon the nonconforming use.

4. A nonconforming use may be changed to another nonconforming use provided that all of the following determinations are made by the Zoning Board of Appeals:
   a. The proposed nonconforming use shall be as compatible, or more compatible with the surrounding neighborhood than the previous use.
   b. The proposed nonconforming use shall not be enlarged or increased, nor extended to occupy a greater area of land than the previous use.
   c. That appropriate conditions and safeguards are provided that will ensure compliance with the intent and purpose of this Ordinance.

5. An existing resort located in a zone which does not permit the same may still be altered, expanded, or rebuilt after obtaining the required permits. For this purpose they will not be considered as a nonconforming use. Any new unit will be at least 576 square feet.

D. Nonconforming Buildings and Structures

1. Where a lawful building or structure exists at the effective date of this Ordinance, or an amendment thereto, that does not comply with the requirements of this Ordinance because of restrictions such as lot area, coverage, width, height, or yards, such building or structure may be continued so long as it remains otherwise lawful, subject to the following provisions:
   a. No such building or structure may be enlarged or altered in a way that increases its nonconformity, except in cases in which the setback of a building or structure is nonconforming by up to one half ($\frac{1}{2}$) the distance required by this Ordinance. Only in these cases may the nonconforming setback be extended along the same plane as the existing nonconforming setback, provided that in so doing, the setback itself is not further reduced.
   b. Should a nonconforming building or structure be destroyed to an extent of more than fifty (50) percent of its replacement value, exclusive of the foundation, it shall be reconstructed only within its existing foundation, unless it is designed and rebuilt to become more conforming with the provisions of this Ordinance.
   c. Should a nonconforming building or structure be moved for any reason and for any distance, it shall be moved to a location which complies with the requirements of this Ordinance.

2. None of the provisions of this Section are meant to preclude normal repairs and maintenance on any nonconforming building or structure that would prevent strengthening or correcting of any unsafe condition of the building or structure.

E. The Township may acquire, through purchase or condemnation, private nonconforming buildings, structures, or land. The Township Board may make this purchase of private property in the manner provided for by law.

F. Those alleged nonconforming uses of land, buildings, and structures which cannot be proved conclusively to have been existing prior to the effective date of this Ordinance, or any amendment thereto, shall be declared illegal nonconforming uses and shall be discontinued upon written notification from the Ordinance Administrator.
Section 3.25 Soil Removal and Grading

A. Where soil is removed for any purpose, it shall be done in such a manner as to leave the area from which it was removed reasonably level. No holes may be left where stagnant water could partially or entirely fill them. No soil shall be removed that will cause erosion of any public street or highway.

B. In no event shall soil be removed below grade level within one hundred seventy-five (175) feet of the nearest existing street or highway right-of-way.

C. Any soil removed mentioned herein shall not be construed to include excavation in conjunction with on site construction, construction of ponds for fish, wildlife and other conservation practices, in ground swimming pools and/or artificial lakes shall require Land Use Permits.

D. Prior to removal of any soil, aggregate, sand, stone, or other mineral, the person or persons removing same shall deposit with the Township Treasurer cash bond to the Township of Markey in the amount of $1,000.00 dollars to insure compliance with the provisions of this section. If said bond is a surety bond, there shall be sufficient sureties to be approved by the Township Treasurer.

E. Upon commencement of any soil removal, said removal must be completed within a reasonable period thereafter, a reasonable period being defined as not to exceed six (6) months. Upon completion of soil removal, the party removing same shall notify the Ordinance Administrator, who shall make an inspection to determine compliance with this section.

F. Upon completion of said inspection and a determination by the Ordinance Administrator that the provisions of this section have been complied with, the Ordinance Administrator shall direct the Township Treasurer to release any cash or surety bond.

G. In the event the Ordinance Administrator determines that the provisions of this section have not been complied with, said Administrator shall notify said party in writing, by certified mail, return receipt requested, specifying the nature of the non-compliance with this section and ordering compliance within thirty (30) days after the date of said notice. In the event that said party fails to comply with the provisions of said Section within thirty (30) days after the date of said notice, said bond shall be forfeited.

H. It shall be the duty of the Ordinance Administrator to notify the Township Treasurer forthwith of such forfeiture. The proceeds of said bond shall be used as directed by the Township Board to the extent necessary to bring compliance within the provisions of this Section and the surplus, if any, shall be returned to sureties therein. In event that the proceeds of said bond are not sufficient in amount to bring compliance with the provisions of this Section, the party shall be liable to the Township of Markey for the amount of such deficiency.

I. There shall be no filling in or removal of ground on a building lot which would seriously affect the grade at the adjacent neighbor’s lot line unless mutually agreed to, in writing, by the respective owners of the property affected by such change in grade. No lot or parcel of land shall be filled until the area thereof to be used for buildings, septic, tanks, drainage fields, or wells, shall be stripped of all organic material such as logs, brush, stumps, and organic soil. Any owner of a lot to be filled that needs fifty (50) yards or
more of fill dirt for filling shall first get a land use permit from the Land Use Administrator. All grading shall comply with Act 347, Public Acts of 1972, Soil Erosion Law.

Section 3.26  Open Space Preservation

A. Purpose: The purpose of this Section is to adopt open space preservation provisions consistent with Section 16(h) of the Township Zoning Act (Act 184 of 1943, as amended) which requires qualifying townships to permit lands satisfying specified criteria to be developed, at the option of the landowner, with the same number of dwellings on a portion of the land specified in the zoning ordinance, but not more than 50%, that could otherwise be developed, under existing regulations, on the entire land area.

B. Qualifying conditions: Land may be developed under the provisions of this Section only if each of the following conditions is satisfied:

1. The land shall be zoned in the A-1, R-2, or R-3 Zoning Districts;

2. The zoning district in which the land is located shall permit development at a density equivalent to two or fewer dwelling units per acre, if the land is not served by a public sewer system; or three or fewer dwelling units per acre, if the land is served by a public sanitary sewer system;

3. The development of land under this Section shall not depend upon the extension of a public sanitary sewer or a public water supply system to the land, unless the development of the land without the exercise of the clustering option provided by this Section would also depend on such extension; and

4. The open space preservation option shall not have previously been exercised with respect to the same land.

C. Permitted uses: Only dwelling units and non-dwelling unit structures (as described in Section 3.26F.10. permitted by the zoning district in which the land is located shall be permitted on land developed, or used pursuant to the provisions of this Section.

D. Application and Review Procedure: The application and review procedures for land proposed to be developed pursuant to this Section shall be those stated in Section 15.01 of this Ordinance, governing site development plans, except as otherwise provided in this Section. In addition to the application materials required by Section 15.01C.2. of this Ordinance, an application for the development of land under the provisions of this Section shall include the following:

1. A Parallel Plan prepared for the purpose of demonstrating the number of dwelling units that could reasonably be developed on the land under its existing zoning if the open space preservation option were not exercised. The Parallel Plan may be conceptual in nature but shall include at least the following information:
Markey Township Zoning Ordinance #35

a. Date, north arrow and scale, which shall not be more than 1" = 100, and, in all cases, the scale shall be the same as that utilized for the site development plan illustrating the proposed open space preservation development.
b. Location of street rights-of-way or easements.
c. Location of all lots, illustrating lot area and width to demonstrate compliance with the minimum requirements of the applicable zoning district.
d. Required building setback lines on all lots to demonstrate the availability of sufficient buildable land to make the lot usable.
e. Location of all utilities that would be necessary to serve a development under the Parallel Plan and which would not be located within any public road right-of-way or private street easement, or on buildable lots. Such utilities include, but are not limited to, storm water retention or detention basins, community sewage treatment systems and community water supply facilities.
f. If development under the Parallel Plan would require the use of septic tanks and drain fields, such Plan shall illustrate the location of all septic tanks and drain fields. The applicant shall submit proof that the proposed septic tank and drain field location for each lot would be approved, or has been approved, by the Roscommon County Health Department.
g. The location of all portions of the land that are unbuildable for residential purposes due to the presence of wetlands, slopes in excess of 25%, flood plains, or other features prohibiting development for residential purposes.

2. When reviewing an application submitted under the terms of this Section, the Planning Commission shall determine whether the Parallel Plan accurately reflects the number of dwelling units that could be developed on the land under its existing zoning. If the Planning Commission determines that the number of dwellings illustrated on the Parallel Plan exceeds the number of dwellings that could be permitted on the land if it were developed under its existing zoning, the applicant shall submit a revised site development plan for the clustering option reflecting the permitted number of dwellings, as determined by the Planning Commission.

3. A copy of the conservation easement, plat dedication, restrictive covenants, or other legal instrument that would run with the land, and would have the legal effect of preserving the open space in perpetuity in an undeveloped state. Such legal instrument shall be reviewed by the township attorney prior to recording, and shall be subject to the approval of the Township Board, consistent with the terms of this Section. The legal instrument shall:

a. Indicate the proposed permitted use(s) of the undeveloped open space.
b. Require that the open space be maintained in perpetuity in an undeveloped condition, without buildings, structures or other improvements, except such drainage improvements, utility lines, riding trails, hiking trails, picnic
areas, park or playground equipment, agricultural structures or similar improvements that may be approved by the Planning Commission.

c. Require that the open space be maintained by parties who have an ownership interest in the property.

d. Provide standards for scheduled maintenance of the open space, including necessary pruning and harvesting of trees and new plantings.

4. The site development plan for the open space preservation option shall include the following minimum information, in addition to that required by Section 15.01C.2. of this Ordinance:

a. Land proposed to remain in a perpetually undeveloped state and the portions of the land to be used for clustered development.

b. Total number of acres of land proposed to remain in a perpetually undeveloped state, the total number of acres of land proposed to be used for clustered development, and the area contained within rights-of-way or easements for streets. The percentage of each, as compared to the total site acreage, shall be indicated.

c. Lots and proposed building envelopes and indicate the lot area and width of each lot. The number of lots on the site development plan shall not exceed the number of lots on the Parallel Plan, as approved by the Planning Commission, and reduced to accommodate non-dwelling structures, if necessary, as described in Section 3.26F.11.

d. Location and type of all proposed structures or improvements that are not dwellings.

e. Location of all septic tanks and drain fields. The applicant shall submit proof that the proposed septic tank and drain field location for each lot has been approved by the Roscommon County Health Department.

5. If the development is to be served by public streets, proof that the Roscommon County Road Commission has approved the design, layout and construction of the streets.

E. If a site development plan satisfies all applicable requirements of Section 15.01C.2. of this Ordinance, all requirements of this Section and all conditions of approval imposed by the Planning Commission, the Planning Commission shall approve the site development plan. The Planning Commission may require performance guarantees, in accordance with Section 18.04.

F. Development requirements:

1. Required Open Space. At least 50% of the land proposed for development under the provisions of this Section shall remain in a perpetually undeveloped state (i.e., "open space"), as provided in Section 3.26D.3. The following areas shall not constitute open space:
a. The area within all public street rights-of-way.
b. The area within all private street easements.
c. Any easement for overhead utility lines, unless adjacent to open space.
d. The area within a platted lot or site condominium unit.
e. Off street parking areas.
f. Detention and retention ponds.
g. Community drain fields.
h. Areas devoted to community water supply or sanitary sewer treatment systems.
i. Marinas.
j. Club houses and swimming pools.

2. Standards for Open Space. The following standards shall apply to the open space required pursuant to this Section:

a. The open space shall not include a golf course.
b. The open space may include a recreational trail, picnic area, children's play area, greenway, linear park, natural area, agricultural use or other use which, as determined by the Planning Commission, is substantially similar to these uses.
c. The open space shall be available for all residents of the development, subject to reasonable rules and regulations and shall be reasonably usable by such residents for passive recreation such as hiking and picnicking. The open space may be, but is not required to be, dedicated to the use of the public.
d. Open space shall be located so as to be reasonably accessible to the residents of the development. Safe and convenient pedestrian access points to the open space from the interior of the development shall be provided.
e. A portion of the open space shall be located along the perimeter street frontage abutting the land. The depth of this area shall be at least 50 feet, not including public right-of-way, and this area shall be left in its natural condition or be landscaped to help to preserve or enhance the existing views.
f. Open space shall be located so as to preserve significant natural resources, natural features, scenic or wooded conditions, bodies of water, wetlands or agricultural land.
g. If the land contains a lake, stream or other body of water, the Planning Commission may require that a portion of the open space abut the body of water.

3. Use of Open Space. All dwelling units and other structures and improvements shall be located outside that portion of the land designated as open space. However, the Planning Commission, in its discretion, may permit structures or improvements to be located in the open space if such would be consistent with the designated purpose of the open space. By way of example only, park or
playground equipment could be permitted on open space designated for recreational use, or agricultural structures could be permitted on open space designated for agricultural use. However, club houses, swimming pools, golf courses, marinas, and similar recreational amenities shall not be permitted within the designated open space.

4. Underlying-Zoning District. The development of land under this Section shall comply with all requirements of this Ordinance applicable to the zoning district in which the land is located, except those setback and lot area requirements that must be adjusted to allow the clustering option permitted herein.

5. Uniform Lot Size. Lots shall be as uniform in area as is reasonably practicable, unless otherwise approved by the Planning Commission.

6. Building Envelopes. The location and area of building envelopes, as proposed by the applicant, shall be subject to the review and approval of the Planning Commission. The location and area of building envelopes shall be established to achieve the intent and purpose of the zoning district in which the land is located.

7. Required Frontage. Each lot shall have a minimum of 50 feet of frontage measured at the street right of way or easement line. All dwelling lots shall be accessed from an interior street within the development and shall meet the minimum frontage requirement on such interior street.

8. Lot Width. Each lot shall have a minimum width equal to no less than one-half (2) the minimum lot width specified for the zoning district in which the land is located.

9. Maximum Number of Lots. The clustered portion of the development shall contain no more than the maximum number of lots, as determined from the Parallel Plan approved by the Planning Commission, and as reduced to reflect the inclusion of non-dwelling unit structures, if any, as described in Section 3.26F.11.

10. Non-Dwelling Unit Structures. Lots containing non-dwelling structures such as a clubhouse and its related amenities, shall be subject to all requirements of this Section applicable to lots containing dwellings and shall further be subject to all other requirements of this Ordinance and other Township ordinances applicable to the type of structure proposed.

11. Reduction in Lots for Non-Dwelling Structures. If structures other than dwellings, such as a clubhouse, are constructed on a lot in the clustered portion of the land, the number of dwelling lots permitted to be developed shall be reduced as follows:

a. The area occupied by non-dwelling structures, shall be divided by the average area of dwelling lots that could be situated in the clustered
development if the non-dwelling structures were not included, based on
the approved Parallel Plan. If this number is a fraction, it shall be rounded
up to the nearest whole number.
b. The number calculated under subsection a. shall be subtracted from the
number of dwelling lots that could be permitted in the clustered
development, as determined from the approved Parallel Plan.

12. Perimeter Lots. Notwithstanding any other provision of this Section, the Planning
Commission may require that the open space preservation development be
designed and constructed with lot sizes and setbacks on the perimeter that will be
reasonably consistent with the lot sizes and setbacks of adjacent uses (planned or
existing).

13. Grading. Grading within the development shall comply with the following
requirements:

a. To preserve the natural appearance of the land, all graded areas, cuts and
fills shall be kept to a minimum. Specific requirements may be placed on
the area of land to be graded or to be used for building, and on the size,
height, and angles of cut-and-fill slopes and the shape thereof. Retaining
walls may be required.
b. All areas indicated as open space on the approved development plan shall
be undisturbed by grading, excavating, structures or otherwise, except as
permitted by the Planning Commission. Drainage improvements, utility
lines, riding trails, hiking trails, picnic areas, and similar recreational
improvements and amenities may be placed in open space areas if
approved by the Planning Commission.
c. Grading within the clustered development shall be planned and carried out
so as to avoid erosion, pollution, flooding or other adverse effects upon the
land, and so as to have only such minimal effect upon the environmental
characteristics of the land as may be reasonably feasible.

14. Private Streets. Private streets within a open space preservation development
shall conform to the private street requirements of this Ordinance.

15. Other Laws. The development of land under this Section is subject to all other
applicable Township ordinances, state and federal laws, rules and regulations,
including, but not limited to, rules relating to suitability of groundwater for on-site
water supply for land not served by a public water system, and rules relating to
the suitability of soils for on-site sewage disposal for land not served by public
sanitary sewers.

G. Amendments to an Approved Site Plan:

1. An approved open space preservation development plan and any conditions
imposed upon its approval shall not be changed except upon the mutual consent
of the Planning Commission and the applicant, except as otherwise stated below with respect to a minor change.

2. Changes to an approved development plan may be permitted only under the following circumstances.

   a. The holder of an approved plan shall notify the Zoning Administrator of any desired change.

   b. Minor changes may be approved by the Zoning Administrator upon determining that the proposed revision(s) will not alter the basic design and character of the open space development, nor any specified conditions imposed as part of the original approval. Minor changes shall include the following:

      i. Landscaping approved in the final development plan that is replaced by similar landscaping to an equal or greater extent;

      ii. Internal rearrangement of a Parking Lot which does not affect the number of parking spaces or alter access locations or design;

      iii. Changes required or requested by the Township, Roscommon County, or other State or Federal regulatory agency in order to conform to other laws or regulations.

      iv. Change of phases or sequence of phases if all phases have been approved.

H. Time Limitation on Development:

1. Each development permitted pursuant to this Section shall be under construction within one year after the date of approval of the open space preservation plan by the Planning Commission. If this requirement is not met, the Planning Commission may, in its discretion, grant no more than one extension not exceeding one year, provided that the applicant submits reasonable evidence to the effect that unforeseen difficulties or special circumstances have been encountered, causing delay in the commencement of the clustered development.

2. If the clustered development has not been commenced within the above-stated time period, or within any authorized extension thereof, any building permits issued for the development or any part thereof shall be of no further effect. The applicant shall then be required to seek renewed approval from the Planning Commission under the terms of this Section in order to exercise the clustering option.
SECTION 3.27  EMERGENCY TEMPORARY DWELLINGS

PURPOSE:
Emergency Temporary Dwellings may be permitted upon a finding by the Township that the principal residential structure has been destroyed in whole or in part by fire, explosion, or natural disaster and therefore is uninhabitable and the standards set forth herein have been met.

PERMIT APPLICATION AND REVIEW.
1. An application for a zoning and land use permit for the emergency temporary use and installation of a mobile home, modular, or prefabricated dwelling unit shall be made to the Ordinance Administrator. The application shall be accompanied by a plot plan showing the location of the proposed structure.

2. The application shall be reviewed by a committee composed of the Ordinance Administrator, Township Supervisor and Planning Commission Chairman or the person designated. Approval of the application may be granted by a majority vote of the committee upon a finding that all of the following conditions are met.
   a. The principal residential structure has been destroyed in whole or in part by fire, explosion, or natural disaster and therefore is uninhabitable.
   b. The temporary dwelling unit will be connected to public sewer or septic and a well.

3. The granting of a permit for an emergency temporary dwelling unit shall be for a period of up to one (1) year from the date of approval by the committee. Any conditions of approval shall be specified in writing on the permit.

4. To guarantee compliance with the provisions of the ordinance and removal of the emergency temporary dwelling upon expiration of the permit, the committee or the Township Board may require a cash bond to be posted prior to the issuance of a permit.

(Adopted 09-04-09.)

SECTION 3.28 SINGLE FAMILY RESIDENTIAL DRIVEWAYS

All new driveways providing access for single-family dwellings shall be constructed in such a manner as to provide a year-round access from public or private roads so that emergency vehicles and services can reach such structures readily, conveniently and safely. Driveways shall be a minimum of ten (10) feet wide, minimum of thirteen feet six inches (13 ft 6 in.) overhead clearance of vegetation and other obstructions, and shall be constructed from the road (public or private) to a point which intersects the front plane of the structure closest to the road. (Amended and added to ordinance 09-04-09.)

Section 4.02 District Boundaries

A. Boundaries - The boundaries of the districts listed in Section 4.01 are hereby established as shown on the Markey Township Zoning Ordinance Map, which is part of this Ordinance.

B. Interpretation of District Boundaries - Where uncertainty exists with respect to the boundaries of the various Districts as shown on the Zoning Map, the following rules shall apply:

1. Boundaries indicated as approximately following the center lines of streets, roads, highways, or alleys shall be construed to follow such center lines.

2. Boundaries indicated as approximately following platted lot lines or Township limits shall be construed as following such lot lines or Township limits.

3. Boundaries indicated as following railroad lines shall be construed to be the midpoint between the main tracks.

4. Boundaries indicated as parallel to or extensions of features indicated in Section 4.02, B, 1, 2, and 3, shall be so construed. Distances not specifically indicated on the Zoning Map shall be determined by the scale of the map.
5. Where physical or natural features existing on the ground differ from those shown on the Zoning Map, or in other circumstances not covered by this Section, the Zoning Board of Appeals shall interpret the district boundaries.

6. For the sake of map clarity, various districts may not cover public rights-of-way. It is intended that such district boundaries extend to the center of any public right-of-way.

Section 4.03 Zoning of Vacated Areas

Whenever all or part of a street, alley or other public way is vacated, it shall automatically become a part of the District to which it attaches. If a vacated area is bordered by two (2) different Districts, the area is divided along a line half way between, unless the Township Board shall otherwise designate.
Chapter 5
RCG (River and Creek Greenbelt) Overlay District

Section 5.01 Purpose

This District shall provide for the preservation of the natural features and view of the Cut River and Backus Creek to preserve the high quality of the river and creek and to prevent the deterioration thereof. The RCG District shall overlay the existing zoning district, and includes land within three hundred (300) feet from the ordinary high water mark on both sides of the Cut River, and four hundred (400) feet from the ordinary high water mark on both sides of Backus Creek.

Section 5.02 Permitted Uses

No land or buildings in the RCG District shall be used, erected, altered, or converted, in whole or in part, except for the following purposes by right:

Any permitted use in the underlying district.

Section 5.03 Special Land Uses

No land or buildings in the RCG District may be used, erected, altered, or converted except for the following purposes when approved in accordance with the requirements of Chapter 16:

A. Hunting Reserves
B. Public or Private boat launches
C. Public Parks and Recreation areas

Section 5.04 Site Development Requirements

All Permitted Uses and Special Uses are subject to the following Site Development Requirements:

A. Additional setbacks and lot widths for structures.

1. Notwithstanding any other provision of this Ordinance, no dwelling, accessory building, or septic system shall be hereafter constructed, erected, installed, or enlarged within a minimum of forty (40) feet from a shoreline or ordinary high water mark. Exception: For every one (1) foot of bank height above a minimum of seven (7) feet above the ordinary high water mark new structures may be placed five (5) feet closer to the shoreline or ordinary high water mark. However, no structure shall be located closer than twenty-five (25) feet to the shoreline or ordinary high water mark.
2. No dwelling shall be constructed or placed on lands which are subject to flooding, or on banks where four (4) feet between the finished grade level and high ground water line cannot be met. Land may be filled to meet the minimum requirement of four (4) feet between the finished grade level and high ground water line, only under the following conditions:

a. No material is allowed to enter the water either by erosion or mechanical means.

b. The fill material is of a pervious nature, such as gravel or sand.

c. Any necessary permits shall have been acquired as required by the laws of Roscommon County, the State of Michigan, and the rules and regulations of the Department of Natural Resources of the State of Michigan. It shall be unlawful to alter the shoreline of any river or creek in the Township by soil removal or fill.

d. All filling or grading work shall be accomplished so as not to alter the natural drainage of adjoining land.

B. Vegetative Strip.

1. A strip at least thirty-five (35) feet wide bordering the creek or river bank, as measured from the ordinary high water mark, shall be maintained in its natural vegetative state, except for the permitted clearing or dead or noxious plants.

2. Within this strip, a space of not greater than twenty five (25) feet in width may be selectively trimmed and pruned to allow for the placement of private boat docks (subject to the requirements of Section 3.14 - Accessory Buildings, Structures, and Uses), and for a view of the water.

3. The Zoning Administrator may allow limited clearing for the vegetative strip only when required for construction of a permitted building or structure outside the vegetative strip. However, the land cleared shall be returned to a vegetative state which is approximately the same quality and extent as that which existed prior to the clearing.

C. General Provisions outlined in Chapter 3.

D. Site Plan Review as may be required in accordance with Section 15.01.

E. Off-Street Parking as may required in accordance with Section 15.02.

F. Signs are permitted in accordance with the requirements of Section 15.03.

G. Lot dimension, setbacks, height, and lot coverage requirements for all buildings, shall be met as noted on the following chart, unless otherwise indicated, and as outlined in Schedule of District Regulations, Chapter 14.
Chapter 6
A-1 (Rural Preservation) District

Section 6.01 Purpose

Lands designated with this District classification shall be primarily identified as large lot residential, recreational, agricultural, and forest related activities. This district is intended to prevent the destruction of natural or man-made resources to the greatest extent possible, and to provide for residential development without the need for public sewer and water services. This district is essentially intended to maintain large tracts for forest management programs, to provide for the continuation and preservation of recreation areas, to foster the continuation of existing farming activities, and other public activities which are compatible with the general welfare.

Section 6.02 Permitted Uses

No land or buildings in the A-1 District shall be used, erected, altered, or converted, in whole or in part, except for the following purposes by right:

A. Crop farming.
B. Single family detached dwellings.
C. State licensed residential family care facilities.
D. Essential public services.

Section 6.03 Special Land Uses

No land or buildings in the A-1 District may be used, erected, altered, or converted except for the following purposes when approved in accordance with the requirements of Chapter 16:

A. Greenhouses and nurseries.
B. Roadside stands.
C. Cemeteries.
D. Public or private campgrounds.
E. Mining of natural resources.
F. Forest connected industries, including but not limited to, sawmills, lumber and planing mills, debarking operations, and chipping facilities.

R-3 (Rural Residential) District

Section 7.01 Purpose

Lands in this District are similar to the Rural Preservation District, however, residential uses on large lots shall predominate the district. Lands in this district are generally served by a quality transportation network, and are more likely to experience development pressures over that in the Rural Preservation District. The District provides for the orderly transition of land from agricultural to low density residential uses, without straining the land, or requiring public services or utilities, even if they exist, or are planned.

Section 7.02 Permitted Uses

No land or buildings in the R-3 District shall be used, erected, altered, or converted, in whole or in part, except for the following purposes by right:

A. Single family detached dwellings.
B. State licensed residential family care facilities.
C. Essential public services.

Section 7.03 Special Land Uses

No land or buildings in the R-3 District may be used, erected, altered, or converted except for the following purposes when approved in accordance with the requirements of Chapter 16:

A. Greenhouses and nurseries.
B. Roadside stands.
C. Public or private campgrounds.

Chapter 9  
R-1a (Waterfront Residential) District

Section 9.01  Purpose

This District is characterized by uses which are strongly oriented toward the residential and recreational experience and enjoyment of the surface waters and shorelines of Markey Township. It is the intent of the District to provide regulations on lands located along the waterfront areas of the Township. The purpose of these regulations is to recognize the unique physical, economic, and social attributes of waterfront properties, and to ensure that the structures and uses in this District are compatible with, and protect these unique attributes.

Section 9.02  Permitted Uses

No land or buildings in the R-1a District shall be used, erected, altered, or converted, in whole or in part, except for the following purposes by right:

A. Single family detached dwellings.
B. State licensed residential family care facilities.
C. Essential public services.

Section 9.03  Special Land Uses

No land or buildings in the R-1a District may be used, erected, altered, or converted except for the following purposes when approved in accordance with the requirements of Chapter 16:

A. Public or private boat launches.
B. Home occupations.
C. Adult foster care group homes
D. Bed and breakfast establishments
E. Marinas
F. Multiple family dwellings
G. Public parks and recreation areas
H. Retail sales accessory to a permitted use
I.
J. Home based business
K. Home based occupation
L. Existing resorts

Section 9.04  Site Development Requirements

All Permitted Uses and Special Uses are subject to the following Site Development Requirements:
A. Additional setbacks and lot widths for structures.

1. Notwithstanding any other provision of this ordinance, no dwelling, accessory building or septic system shall be hereafter constructed, erected, installed, or enlarged within a minimum of forty (40) feet from a shoreline or ordinary high water mark, or a minimum of thirty (30) feet from the road/street side. (Amended 09-04-09.)

2. No dwelling shall be constructed or placed on lands which are subject to flooding, or on banks where four (4) feet between the finished grade level and high ground water line cannot be met. Land may be filled to meet the minimum requirement of four (4) feet between the finished grade level and high ground water line, only under the following conditions:

   a. No material is allowed to enter the water either by erosion or mechanical means.
   b. The fill material is of a pervious nature, such as gravel or sand.
   c. Any necessary permits shall have been acquired as required by the laws of Roscommon County, the State of Michigan, and the rules and regulations of the Department of Natural Resources of the State of Michigan. It shall be unlawful to alter the shoreline of any river or creek in the Township by soil removal or fill.
   d. All filling or grading work shall be accomplished so as not to alter the natural drainage of adjoining land.
   e. Accessory Decks will be allowed in the front yard setbacks in R1-A District provided they meet the following:

      1. They cannot be attached to any building.
      2. Are not higher than 12 inches off the ground, measured from the original grade to the top of the deck boards.
      3. Cannot have any type of structure on top of deck either temporary or permanent including but not limited to Gazebos, Pergolas, and Screened in areas.
      4. They will not be used when setting Dwelling setback distances.
      5. They will meet sideline setbacks
      6. No built in seating allowed
      7. Not to exceed 200 Square Feet.
      8. Accessory Decks may have railings of not higher than 33 inches

B. General Provisions outlined in Chapter 3.

C. Site Plan Review as may be required in accordance with Section 15.01.

D. Off-Street Parking as may required in accordance with Section 15.02.

E. Signs are permitted in accordance with the requirements of Section 15.03.
F. All uses shall be served by public sewer.

G. Lot dimension, setbacks, height, and lot coverage requirements for all buildings, shall be met as indicated, below, and as outlined in Schedule of District Regulations, Chapter 14.

Chapter 11
MHP (Manufactured Home Park) District

Section 11.01 Purpose

Consistent with the Township’s goal to provide a mix of housing styles, types, and densities to accommodate the residential needs of all people, the Manufactured Home Park District is intended to provide regulations for manufactured home residential developments to permit additional variety in housing opportunities and choices.

Section 11.02 Permitted Uses

No land or buildings in the MHP District shall be used, erected, altered, or converted, in whole or in part, except for the following purposes by right:

A. State licensed manufactured home parks.
B. State licensed residential family care facilities.
C. Essential public services.

Section 11.03 Special Land Uses

No land or buildings in the MHP District may be used, erected, altered, or converted except for the following purposes when approved in accordance with the requirements of Chapter 16:

A. Public parks and recreation areas.
B. Community Centers.

Section 11.04 Site Development Requirements

All Permitted Uses and Special Uses are subject to the following Site Development Requirements:

A. General Provisions outlined in Chapter 3.
B. Site Plan Review as may be required in accordance with Section 15.01.
C. Off-Street Parking as may required in accordance with Section 15.02.
D. Signs are permitted in accordance with the requirements of Section 15.03.
E. All uses shall be served by public sewer and water facilities, or by an approved community system.

Section 11.05 General Requirements

A. All manufactured home parks shall comply with the applicable requirements of Public Act 96 of the Michigan Public Acts of 1987, as amended, provided further that said developments meet the standards and conditions and all other provisions as herein established.
B. The parking of more than one (1) manufactured home on a single parcel of land or on two (2) or more adjoining parcels of land under common ownership shall be illegal in Markey Township, irrespective of the requirements of any other ordinance of Markey Township, unless such parcel or parcels of land shall have been approved as a licensed manufactured home park under the provisions of this Chapter.

C. All applications for manufactured home parks must be approved by the Township Board, upon the recommendation of the Planning Commission, in accordance with the provisions of this Section.

D. The Planning Commission and Township Board shall consider the conformance of the manufactured home park with the adopted rules of the Mobile Home Commission of the State of Michigan and the following additional standards:

1. Whether the proposal is in accordance with the Markey Township Master Plan.

2. Whether the density of the proposed development could adversely affect adjacent properties and land uses.

3. Whether the proposed development can be reasonably expected to constitute a health hazard or public nuisance to adjacent properties because of inappropriate or inadequate sanitation and/or drainage facilities.

4. Whether the proposed development produces excessive demands on available fire and police protection or other community services.

5. Whether the traffic characteristics of the proposed development may create a hazard or place an excessive burden on adjacent public roads or pedestrian facilities.

E. Manufactured Home Sales

1. No person desiring to rent a dwelling unit site shall be required, as a condition of such rental, to purchase a manufactured home from the owner or operator of the manufactured home park as long as the manufactured home intended to be located on such site conforms in size, style, shape, price, or other such requirements as may be required by any reasonable manufactured home park rules and regulations.

2. The business of selling new and/or used manufactured homes as a commercial operation in connection with the operation of a manufactured home development is prohibited. New or used manufactured homes located on lots within the manufactured home development to be used and occupied within the manufactured home park may be sold by a licensed dealer or broker. This section shall not prohibit the sale of a new or used manufactured home by a resident of the manufactured home development, provided the development permits the sale.
Chapter 12
C-1 (Neighborhood Commercial Service) District

Section 12.01 Purpose

This District is intended to provide areas for the establishment of retail sales and personal service uses, catering to the general public, as well as the residents of Markey Township. The uses in the District will remain small in scale to be well integrated into a rural setting, and possess appropriate traffic safety components which will limit potential negative impacts resulting from adjacent non-residential uses. Development in this district should not be of such a scale as to overwhelm the rural-resort characteristic of the Township.

Section 12.02 Permitted Uses

No land or buildings in the C-1 District shall be used, erected, altered, or converted, in whole or in part, except for the following purposes by right:

A. Retail sales uses conducted entirely within an enclosed building not exceeding five thousand (5,000) square feet, and where no assembly, treatment, or manufacturing takes place on site.

Section 14.02 Footnotes to District Regulations

(a) In all districts where residential uses are permitted either by right, or as a special land use, all dwellings shall contain a minimum living area in accordance with the following, unless otherwise specified in this Ordinance:

- **single family** 720 square feet, except R-1a which shall have 1,000 square feet and 22’ wide
- **multiple family** Apart 484 square feet, per unit, for one (1) bedroom dwellings
  - 600 square feet, per unit, for two (2) bedroom dwellings
  - 720 square feet, per unit, for three (3) bedroom dwellings, plus 100 square feet, for each additional bedroom, for dwellings with more than three (3) bedrooms.

Condo Development must meet requirements in section 16.07CC

(b) In the R-1b District, residential uses may have less than the required living area as required in footnote (a), as outlined below:

- **single family** 720 square feet and 22’ wide
- **multiple family** Apart 484 square feet, per unit, for one (1) bedroom dwellings, and one hundred (100) square feet for each additional bedroom beyond the first one (1).

Condo Development must meet requirements in section 16.07CC

(c) Lots served by sanitary sewer and approved water may be reduced to a minimum lot area of fifteen thousand (15,000) square feet, and a minimum lot width of eighty-five (85) feet.

(d) All uses shall be served by approved water and sanitary sewer facilities.

(e) All uses shall be served by approved water and sanitary sewer facilities, or by an approved community system.

(f) In case, the minimum required setback be less than the height of the building.

(g) Where a side or rear yard abuts a Residential District, a buffer shall be provided in accordance with Section 3.10.

(h) The required front yard shall not be used for off-street parking, except for driveways, and shall be landscaped.

(i) On corner lots, the required setback along the secondary road shall be specified herein.

(j) The maximum height in the AS District shall be forty-five (45) feet, or in compliance with the Federal Aviation Administration (FAA) requirements, whichever is lower.

(k) See Section 6.04 for parcels less than ten (10) acres.

(l) To be determined by the Federal Aviation Administration (FAA)

(m) On irregular shaped lots, due to lakeside curvature, roadside curves and similar situations, first determine the front and rear setbacks. Then determine the mid-point of the remaining space. The lot width at that point shall be used to determine the side lot setback.
Chapter 15  
Site Development Requirements

Section 15.01 Site Plan Review Procedures

A. The purpose of this Chapter is to provide for consultation and cooperation between the Land Developer and the Township Planning Commission in order that the developer may accomplish their objectives in the utilization of the land within the regulations of this Zoning Ordinance, and with minimum adverse effect on the use of adjacent streets, highways, and existing uses in the immediate vicinity.

B. Uses Subject to Site Plan Review. A Land Use Permit for any proposed use or building or any other improvement shall not be issued until a Site Plan has been reviewed and approved by either the Planning Commission, or Ordinance Administrator, under the following procedure:

1. The following uses shall be subject to Site Plan Review by the Planning Commission in accordance with the provisions of this Section.

   a. All land uses, new construction, new uses established, or additions to existing buildings in excess of twenty five (25) percent of the gross floor area of the main building in all Zoning Districts, except the following:

      i. Single family dwellings
      ii. Temporary buildings and uses
      iii. Accessory uses or structures
      iii. Existing resorts

   b. Special land uses in any zone district.
   c. Condominium projects or Site Condominiums.
   d. Open space preservation developments.

2. All uses for which Site Plan Review by the Planning Commission is not required under Section 15.01, B, 1, shall be subject to review by the Ordinance Administrator. Such review shall be limited to ensuring that the proposed use conforms to the applicable setbacks, yards, parking, and other specific Zoning Ordinance requirements.

C. Application and Review Procedures

1. Application Procedures

   a. A preliminary sketch plan shall be submitted for review by the Planning Commission for all projects which Site Plan Review by the Planning Commission is required. The purpose of such procedure is to cause
discussion between the developer and the Planning Commission to better inform the developer of the acceptability of the proposed plans prior to incurring extensive of engineering and other costs, which might be necessary for final site plan approval. Further, the preliminary sketch plan provides an opportunity for the developer to explain their plans for site development, and the Planning Commission to share the township goals. Such sketch plans shall include at least the following information:

i. The name and address of the applicant, including the name, address, and phone number of a contact person.
ii. The legal description and Zoning of the property.
iii. Drawings showing tentative site development.
iv. The Planning Commission shall not be bound by any tentative approval given at the preliminary sketch plan review.

b. An application for Site Plan Review shall be submitted at least thirty (30) days prior to the next scheduled Planning Commission meeting through the Ordinance Administrator, who will review the application materials to ensure that the requirements of Section 15.01, C, 1, d, and 15.01, C, 2, are met, then transmit the application and materials to the Planning Commission. If the plan does not meet the requirements of 15.01, C, 1, d, and C, 2, then the plan shall be returned to the applicant without further action, and the application fee shall be forfeited by the developer. If the plan meets the requirements of the above subsections, then the plan, application, and materials shall be transmitted to the Planning Commission for review.

c. Review comments shall be submitted by such departments and consultants to the Planning Commission for consideration prior to the meeting at which the request is to be considered.

d. An application for Site Plan Review shall consist of the following:
   i. An application form provided by the Township, completed by the property owner, or their authorized agent.
   ii. Seven (7) copies of the Site Plan.
   iii. Payment of a fee, in accordance with a fee schedule, as determined by Township Board resolution.
   iv. A legal description, including the permanent parcel number, of the subject property and a boundary survey map.
   v. Other materials as may be required by this Section or the Planning Commission.

2. Site Plan Requirements. Site Plans shall be prepared in a neat and orderly manner, drawn to scale, and unless specific requirements are waived by the Planning Commission, all the following information shall be provided by the applicant:
a. The date, North arrow, and scale. The scale shall not be less than 1" = 20' for sites under three (3) acres, and at least 1" = 100' for those sites of three (3) acres or more.
b. Small sketch of properties, streets and use of land within one quarter (1/4) mile of the subject property.
c. Existing adjacent streets and proposed streets and existing curb cuts within one-hundred (100) feet of the property.
d. All lot lines with dimensions.
e. Parking lots and access points
f. Proposed buffer strips, greenbelts, or screening
g. Significant natural features; and other natural characteristics, including but not limited to open space, stands of trees, brooks, ponds, flood plains, hills, and similar natural assets.
h. Location of any signs
i. Existing and proposed buildings, including existing buildings or structures within one-hundred (100) feet of the boundaries of the property. If no buildings are within one-hundred (100) feet the property lines, the use of the adjacent property shall be indicated.
j. General topographical features including existing contours at intervals no greater than five (5) feet.
k. Number of acres allocated to each proposed use and gross area in building, structures, parking, public or private streets and drives, and open space.
l. Dwelling unit densities by type, if applicable.
m. Proposed method of providing sewer and water service, as well as other public and private utilities.
n. Proposed method of providing storm drainage.
o. Written description of the computation for required parking.
p. Name, address, and phone number of applicant.
q. Name, address, phone number, of the individual responsible for preparing the plan.

3. The Planning Commission shall review the Site Plan, along with any comments submitted by agencies, departments or consultants, and make such recommendations to the applicant that will cause the Plan to be in conformance with the review standards required by this Section and this Ordinance.

a. To this end, the Planning Commission may request from the applicant additional graphic or written materials, prepared by a qualified person or persons, to assist in determining the appropriateness of the site plan.
b. Such material may include, but is not limited to:

   i. aerial photography, photographs;
   ii. traffic impacts;
   iii. impact on significant natural features and drainage;
   iv. soil tests;
   v. environmental impacts;
   vi. and other pertinent information.

4. The Planning Commission shall approve, deny, or approve with conditions any site plan it reviews based on the requirements of this Ordinance, and specifically the review standards of Section 15.01, D.

5. No petition submitted for Site Plan Review which has been denied, shall be resubmitted for a period of one (1) year from the date of denial, except as may be permitted by the Planning Commission after learning of new and significant facts or conditions which might result in a favorable action upon resubmittal.
D. Site Plan Review Standards

1. All site plans shall be approved, approved with conditions, or denied based on the purposes, objectives and requirements of this Ordinance, and specifically, the following considerations when applicable:

   a. The relationship of uses proposed will not adversely affect the public health, safety, or welfare. Uses and structures located on the site shall be planned to take into account topography, size of the property, the uses on adjoining property and the relationship and size of buildings to the site. The site shall be developed so as not to impede the normal and orderly development or improvement of surrounding property for uses permitted in this Ordinance.

   b. Safe, convenient, uncongested, and well-defined vehicular and pedestrian circulation shall be provided for ingress/egress points and within the site. Drives, streets and other circulation routes shall be designed to promote safe and efficient traffic operations within the site and at ingress/egress points.

   c. The arrangement of public or private vehicular and pedestrian connections to existing or planned streets in the area shall be planned to provide a safe and efficient circulation system for traffic within Markey Township.

   d. Removal or alteration of significant natural features shall be restricted to those areas which are reasonably necessary to develop the site in accordance with the requirements of this Ordinance. The Planning Commission may require that landscaping, buffers, or greenbelts be preserved or provided to ensure that proposed uses will be adequately buffered from one another and from surrounding public and private property.

   e. Satisfactory assurance shall be provided that the requirements of all other applicable Ordinances, codes, and requirements of Markey Township will be met.

   f. The general purposes and spirit of this Ordinance and the Master Plan of Markey Township shall be maintained.

E. Approved Plans and Amendments

1. Upon approval of the Site Plan, the Township Clerk shall sign three (3) copies thereof. One (1) signed copy shall be made a part of the Township's files; one (1) copy shall be forwarded to the Ordinance Administrator for issuance of a Zoning Compliance Permit; and one (1) copy shall be returned to the applicant.

2. Each development shall be under construction within one (1) year after the date of approval of the Site Plan, except as noted in this Section.

   a. The Township Board may grant one (1) extension of up to an additional one (1) year period if the applicant applies for such extension prior to the date of the expiration of the Site Plan and provided that:

      i. the applicant presents reasonable evidence that said development has encountered unforeseen difficulties beyond the control of the applicant; and

      ii. the site plan requirements and standards, including those of the Zoning Ordinance and Master Plan, that are reasonably related to said development have not changed.
b. Should neither of the provisions of Section 15.01, E, 2, a, be fulfilled, or an extension has expired without construction underway, the Site Plan approval shall be null and void.

c. Amendments to an approved Site Plan may occur only under the following circumstances:

i. The holder of a valid Site Plan approval shall notify the Ordinance Administrator of any proposed amendment to such approved site plan.

ii. Minor changes, requested by the applicant, may be approved by the Ordinance Administrator upon certification in writing to the Planning Commission that the proposed revision does not alter the basic design nor any specified conditions of the plan as agreed upon by the Commission. In considering such a determination, the Ordinance Administrator shall consider the following to be a minor change:

(a) Reduction of the size of any building or sign.
(b) Movement of buildings or signs less than ten (10) feet.
(c) Landscaping approved in the site plan that is replaced by similar landscaping to an equal or greater extent.
(d) Changes in floor plans, of up to five (5) percent of the total floor area, which do not alter the character of the use or increase the amount of required parking.
(e) Internal rearrangement of a parking lot which does not affect the number of parking spaces or alter access locations or design.
(f) Changes required or requested by the Township, Roscommon County, or other State or Federal regulatory agency in order to conform to other laws or regulations.

iii. Should the Ordinance Administrator determine that the requested modification to the approved site plan is not minor, a new site plan shall be submitted and reviewed as required by this Chapter.

Section 15.02 Off-Street Parking and Loading Provisions

A. General Requirements

1. Off-street parking for all nonresidential zone districts and uses shall comply with the following:

   a. Parking shall be either on the same lot, or within three hundred (300) feet of the building or use it is intended to serve, as measured from the nearest public entrance of the building to the nearest point of the off-street parking lot.
b. The first twenty-five (25) feet, measured from the road right-of-way, shall be landscaped and used as a greenbelt. The remainder of front setback area may be used for off-street parking.

c. No driveway or driveways in combination shall occupy more than thirty-three (33) percent of the lot frontage.

2. The storage of merchandise or products, or the repair of vehicles is prohibited in any off-street parking lot.

3. Residential off-street parking spaces shall consist of parking strip, parking bay, driveway, or combination thereof and shall be located on the premises they are intended to serve. Such parking spaces shall occupy no greater than forty percent (40%) of the required front yard.

4. Minimum required off-street parking spaces shall not be replaced by any other use unless and until equal facilities are provided elsewhere, in compliance with this Section.

5. No building shall be permitted to change use, be enlarged, or expanded until the required number of spaces have been constructed, or waived under subsection 15.02, A, 8, below.

6. Off-street parking existing at the effective date of this Ordinance, or amendment thereto, in connection with the operation of an existing building or use, shall not be reduced to an amount less than required for a similar new building or new use.

7. Two (2) or more buildings or uses may collectively provide the required off-street parking.

8. The Planning Commission may defer construction of the required number of parking spaces if the following conditions are met:
   a. Areas proposed for deferred parking shall be shown on the site plan, and shall be sufficient for construction of the required number of parking spaces in accordance with the standards of this Ordinance for parking area design and other site development requirements.
   b. Evidence shall be presented by the applicant in support of a lower requirement.
   c. Alterations to the deferred parking area may be initiated by the owner or required by the Ordinance Administrator. Any alteration to the deferred parking area shall require the approval of an amended site plan, submitted by the applicant accompanied by evidence documenting the justification for the alteration.

9. Parking of semi-trucks, including the tractor and trailers, and commercial vehicles exceeding a one (1) ton load capacity shall be prohibited in all residential zones.
B. Parking Lot Design Standards

1. Minimum dimensions of parking spaces and maneuvering aisles shall be in accordance with the following requirements:

<table>
<thead>
<tr>
<th>Parking pattern</th>
<th>Two-way aisle width</th>
<th>One-way aisle width</th>
<th>Parking space width</th>
<th>Parking space length</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>76-90 degree angle</td>
<td>24 feet</td>
<td>15 feet</td>
<td>10 feet</td>
<td>20 feet</td>
</tr>
</tbody>
</table>

2. Minor adjustments of the dimensions prescribed in this Section may be authorized by the Ordinance Administrator if consistent with generally recognized design standards for off-street parking facilities.

3. All parking lots shall be constructed with a durable and dustless surface resistant to erosion, and properly maintained at all times.

4. All parking lots shall be constructed so as to permit proper drainage and prevent ponding or storage of water within the lot. Drainage shall be in accordance with the requirements of Markey Township and the Roscommon County Drain Commission.

5. All parking lots shall be provided with adequate lighting. Parking lot lighting shall be shielded so as to prevent light from spilling onto adjacent properties.

6. No permit will be issued for major changes to an existing parking lot unless the parking lot is made to comply with the requirements of this Ordinance. A major change consists of one or more of the following:

   a. Replacement or alteration of existing drainage elevations or structures affecting more than fifty (50) percent of the existing parking lot.
   b. Any expansion or addition of a parking lot equal to or greater than twenty-five (25) percent of the area of the existing parking lot.
   c. Reconstruction of the parking lot, including the removal of existing pavement or drainage structures, which affects more than twenty-five (25) percent of the existing parking lot.
   d. Any other change which, in the opinion of the Ordinance Administrator, constitutes a major change.

C. Off-Street Parking Requirements

1. Required off-street parking spaces are noted in the table below for the uses listed. For those uses not specifically mentioned, the requirements for off-street parking...
shall be in accord with a use which the Ordinance Administrator considers similar in type.

2. When units of measurement determining the number of required off-street parking spaces result in the requirement of a fractional space that fraction shall require one (1) parking space.

3. The minimum number of off-street parking spaces shall be determined in accordance with the following tables:

### D. Off-Street Loading Requirements

1. On the same premises with every building or structure involving the receipt or distribution of vehicles, materials or merchandise there shall be provided and maintained on the lot adequate space for standing, loading and unloading. This space shall be placed so as to avoid undue interference with public use of dedicated rights-of-way and parking areas.

2. In the C-1 District all loading spaces shall be located in the rear yard in the ratio of at least ten (10) square feet per front linear foot of building and shall be computed separately from off-street parking requirements.
3. AS District:
   a. In the AS District at least one (1) loading space shall be provided for each twenty thousand (20,000) square feet of floor area, or fraction thereof. All loading spaces shall be at least twelve feet by seventy feet (12’ x 70’), and a minimum fourteen (14) foot clearance height shall be provided.
   b. Loading spaces shall be off the street, and in the rear yard or interior side yard.

4. Where an alley exists in the rear yard, loading requirements may be computed from the center of the alley.

5. All dedicated loading spaces shall be provided with a pavement having an asphalt or portland cement binder so as to provide a permanent, durable and dustless service.

Section 15.03 Sign Regulations

A. This section is intended to protect and further the health, safety, and welfare of the residents of Markey Township; to maintain and improve the appearance of Markey Township; to conserve community character; to prevent traffic hazards; to provide safer conditions for pedestrians; and to promote economic development by regulating the construction, alteration, repair, maintenance, size, location, and number of signs. These regulations are further intended to provide reasonable identification for businesses and other uses within the community, but are not intended to serve as a means of advertising.

B. Definition of terms found in this Section related to signs.

1. Awning: A retractable or fixed shelter constructed of non-rigid materials on a supporting framework that projects from the exterior wall of a building.

2. Awning sign: A sign affixed flat against the surface of an awning.

3. Banner sign: A fabric, plastic, or other sign made of non-rigid material without an enclosing structural framework.

4. Billboard: A sign which advertises an establishment, product, service, or activity not available on the premises on which the sign is located, but not including a Lead-in Sign.

5. Construction Sign: A sign which identifies the owners, financiers, contractors, architects, and engineers of a project under construction.

6. Directional Sign: A sign which gives directions, instructions, or facility information for the use on the lot on which the sign is located, such as parking or exit and entrance signs.
7. Freestanding Sign: A sign supported on poles not attached to a building or wall.

8. Government Sign: A temporary or permanent sign erected by Markey Township, Roscommon County, or the state or federal government.

9. Ground Sign: A sign resting directly on the ground or supported by short poles not attached to a building or wall.

10. Lead-In Sign: A sign giving direction to a garage sale or home for sale.

11. Marquee: A permanent structure constructed of rigid materials that projects from the exterior wall of a building.

12. Marquee Sign: A sign affixed flat against the surface of a marquee.

13. Mural: A design or representation painted or drawn on a wall which does not advertise an establishment, product, service, or activity.

14. Placard: A sign not exceeding two (2) square feet which provides notices of a public nature, such as “No Trespassing” or “No Hunting” signs.

15. Political Sign: A temporary sign used in connection with a noncommercial message or an official Markey Township, school district, county, state, or federal election or referendum.

16. Portable Sign: A sign designed to be moved easily and not permanently attached to the ground, a structure, or a building.

17. Reader Board: A portion of a sign on which copy is changed manually.

18. Real Estate Sign: A sign advertising the real estate upon which the sign is located as being for sale, rent, or lease.

19. Roof Line: The top edge of a roof or parapet wall, whichever is higher, but excluding any cupolas, chimneys, or other minor projections.

20. Roof Sign: A sign erected above the roof line of a building.

21. Sign: A device, structure, fixture, or placard using graphics, symbols, and/or written copy designed specifically for the purpose of advertising or identifying an establishment, product, service, or activity.

22. Special Event Sign: Temporary and portable signs containing public messages concerning special events sponsored by governmental agencies or nonprofit organizations.
23. Wall Sign: A sign painted or attached directly to and parallel to the exterior wall of a building extending no greater than twelve (12) inches from the exterior face of the wall to which it is attached.

24. Window Sign: A sign installed inside a window and intended to be viewed from the outside.

C. General Sign Provisions

1. No person shall erect, alter, place or permit to be placed, or replace any sign without first obtaining a Land Use Permit and a Building Permit, providing the following signs shall not require a land use permit.

   a. Directional signs of four (4) square feet in size or less
   b. Government signs
   c. Placards
   d. Temporary sale signs of four (4) square feet in size or less
   e. Window signs
   f. Political signs

2. Signs shall be maintained free of peeling paint or paper, fading, staining, rust, or other condition which impairs legibility or intelligibility.

3. Sign supports, braces, guys and anchors shall be maintained in such a manner as not to cause a hazard.

4. Signs, may be internally illuminated or if externally illuminated, except for home occupation signs which shall not be illuminated, the source of the light shall be enclosed and directed to prevent the source of light from shining directly onto traffic or residential property.

5. No sign shall be placed in, upon, or over any public right-of-way, alley, or other public place, except as may be otherwise permitted by this Section.

6. No light pole, utility pole, or other supporting member shall be used for the placement of any sign unless specifically designed and approved for such use.

7. No sign shall be erected in any place where it may, by reason of its position, shape, color, or other characteristic, interfere with, obstruct the view of, or be confused with any authorized traffic sign, signal, or device, or constitute a nuisance per se.

8. No commercial vehicle, which in the opinion of the Ordinance Administrator has the intended function of acting as a sign, shall be parked in any area abutting the street, unless no other parking area is available.

9. No sign shall employ any flashing, moving, oscillating, blinking, or variable intensity light, provided variable time-temperature signs may be permitted.
10. No sign shall contain any moving or animated parts nor have the appearance of having any moving or animated parts.

11. No wall sign shall extend beyond the edge of the wall to which it is affixed, and no wall sign shall extend above the roof line of a building.

12. Political signs must be removed within ten (10) days after any election.

D. Exempted Signs. The following signs shall be exempt from the provisions of the Markey Township Zoning Ordinance, except for the provisions of Section 15.03, C:

1. Government signs
2. Historical markers
3. Window signs
4. Memorial signs or tablets
5. Murals
6. Signs not visible from any street
7. Signs for essential services
8. Placards not exceeding two (2) square feet
9. Signs with address, owner, or occupant name, of up to two (2) square feet in area attached to a mailbox, light fixture or exterior wall
10. Flags or insignia of any nation, state, Township, community organization, or educational institution

E. Non-conforming Signs, Illegal Signs, and Signs Accessory to Non-conforming Uses

1. Every permanent sign which does not conform to the height, size, area, or location requirements of this section as of the date of the adoption of this Ordinance, is hereby deemed to be non-conforming.

2. Non-conforming signs may not be altered, expanded, enlarged, or extended; however, non-conforming signs may be maintained and repaired so as to continue the useful life of the sign.

3. For purposes of this Section, a non-conforming sign may be diminished in size or dimension or the copy of the sign amended or changed without jeopardizing the privilege of non-conforming use. If a sign is nonconforming in its setback, this section shall not apply, and the sign may not be replaced.

4. Any non-conforming sign destroyed by fire or other casualty loss shall not be restored or rebuilt if reconstruction will constitute more than fifty (50) percent of the value of the sign on the date of loss.

5. Any sign which for a period of one (1) year or more no longer advertises a bona fide business conducted or product sold shall be removed by the owner of the building, structure, or property upon which such sign is located, within thirty (30) days of receipt of written notice by the Ordinance Administrator.

6. A sign accessory to a non-conforming use may be erected in the Township in accordance with the sign regulations for the subject zoning district.
F. Units of Measurement

1. The area of a sign shall be measured as the area within a single, continuous perimeter composed of any straight line geometric figure which encloses the extreme limits of writing, representation, emblem, logo, or any other figure of similar character, together with any frame or other material or color forming an integral part of the display or used to differentiate the sign from the background against which it is placed, excluding only the structure necessary to support the sign.

2. The area of a freestanding or ground sign that has two (2) or more faces shall be measured by including the area of all sign faces, except if two (2) such faces are placed back-to-back and are of equal size, the area of the two (2) back-to-back faces shall be counted as one (1) face. If the two (2) back-to-back faces are of unequal size, the larger of the two (2) sign faces shall be counted as the one (1) face.

3. The height of a sign shall be measured as the vertical distance from the highest point of the sign to the grade of the adjacent street or the average grade of the ground immediately beneath the sign, whichever is less.

4. For buildings with multiple tenants, the sign areas for wall signs, projecting signs and awning signs shall be determined by taking that portion of the front wall of the building applicable to each tenant and computing sign requirements for that portion of the total wall.

G. Sign Regulations Applicable to All Zoning Districts

1. All ground, wall and freestanding signs may include reader boards.

2. Any sign, including awnings to which signs are affixed or displayed, not resting directly on the ground shall maintain a minimum clear space of eight (8) feet from the bottom of the sign to the ground.

3. Real estate signs shall be removed within thirty (30) days after completion of the sale or lease of the property.

4. Construction signs are permitted within any zone district, subject to the following restrictions:

   a. One (1) sign is permitted to be placed on the lot where the construction is taking place to identify contractors, design professionals, lending institutions, etc.

   b. The sign shall be no larger than sixteen (16) square feet in area, and not exceed eight (8) feet in height. In a case where two (2) or more firms utilize a sign, the sign shall be no larger than thirty-two (32) square feet in area, and not exceed eight (8) feet in height.

   c. Construction signs shall not be erected until a building permit has been issued for the project which is the subject of the proposed sign and construction activity has begun.
d. Construction signs shall be removed within fifteen (15) days of the issuance of any Occupancy Permit for the building or structure which is the subject of the construction sign.

5. Special event signs, including banner signs, are permitted in conjunction with any permitted nonresidential use, or agricultural use in a residential zone district, subject to the following restrictions:
   a. No more than four (4) such signs shall be displayed for each special event. Such signs shall be located on the lot on which the special event is held.
   b. The display of such signs shall be limited to the twenty-one (21) days immediately preceding the special event which is being advertised.
   c. Such signs shall have a maximum size of twenty-four (24) square feet in area, and a maximum height of five (5) feet and shall be set back from any side or rear property line a minimum of fifteen (15) feet.
   d. Such signs shall be removed within forty-eight (48) hours of the conclusion of the special event which is being advertised.
   e. Signs shall not cause a vision hazard at any road intersection, or driveway.

6. Directional signs are permitted subject to the following restrictions:
   a. A directional sign may contain a logo of an on-premise establishment, but no advertising copy.
   b. No such sign shall exceed four (4) square feet in area or three (3) feet in height.
   c. Directional signs shall be limited to traffic control functions only.
   d. Signs shall not cause a vision hazard at any road intersection, or driveway.
   e. One lead-in sign per intersection per permitted use.

7. Garage sale signs are permitted subject to the following restrictions:
   a. One (1) sign per lot or parcel is permitted, located on the lot or parcel on which such sale is being conducted, and set back a minimum of fifteen (15) feet from any side or rear property line.
   b. Such sign shall not exceed four (4) square feet in area.
   c. Such sign shall be erected no more than three (3) days prior to the first day of the sale and shall be removed within one (1) day after the completion of the sale.

8. A total of four, 4 sq’ signs, 1 per side, is allowed for the sale of the item or name of the shrink-wrap business providing service.
H. Signs in each Zoning District shall be subject to the following regulations:

### Billboards are permitted in the C-1 district only.

Billboards shall be permitted as a principal or accessory use with Special Land Use approval (see Section 16.07 C) on those lands in the C-1 district which abut and have frontage on M-18. All requirements of the Highway Advertising Act, being Act 106 of 1972, as amended, shall apply.
Chapter 16
Special Land Uses

Section 16.01 Purpose

In order to make this ordinance a flexible zoning device, and still afford protection of property values and orderly and compatible development, the Planning Commission, in addition to its other functions and duties, is authorized to approve the establishment of certain uses designated as Special Land Uses. This Chapter provides a set of procedures and standards for special uses of land or structures which, because of their unique characteristics, require special consideration in relation to the welfare of adjacent properties and the community as a whole.

The regulations and standards, herein, are designed to allow practical latitude for the applicant, at the same time maintain adequate provisions for the protection of the health, safety, convenience, and general welfare of Markey Township. For purposes of this Ordinance, all Special Land Uses within the various districts are subject to the conditions and standards of this Chapter. In addition, the following uses shall conform to the specific standards cited in Section 16.07, as applicable.

Section 16.02 Application Procedures

Application for a Special Land Use permit shall be made to the Ordinance Administrator and shall include the following:

A. Ten (10) copies of a site plan containing the information required by Section 15.01, C, 2.

B. An application form supplied by the Township, completed by the applicant or their authorized agent.

C. Payment of a non-refundable application fee, and a review fee, as established from time to time by resolution of the Township Board.

Section 16.03 Notification, Hearing, and Review Procedures

A. Notification. Upon receipt of an application for a Special Land Use permit, the Planning Commission shall cause:

1. A notice to be published in a newspaper which circulates in the Township, that a request for Special Land Use approval has been received, and that a public hearing for the request will be held.

2. Send by mail or personal delivery a notice of Special Land Use request to the owners of the property for which the request is being considered, to all persons to whom real property is assessed within three hundred (300) feet of the boundary of
the property in question, and to the occupant of all structures within three hundred (300) feet.

3. The notice shall be given not less than fifteen (15) days before the date of the public hearing.

4. If the name of the occupant is not known, the term “occupant” may be used in making notification.

5. Notification need not be given to more than one (1) occupant of a structure, except that if a structure contains more than one (1) dwelling unit or spatial area owned or leased by different individuals, partnerships, businesses, or organizations, the occupant of each unit or spatial area shall receive notice. In the case of a single structure containing more than four (4) dwelling units or other distinct spatial areas owned or leased by different individuals, partnerships, businesses, or organizations, notice may be given to the manager or owner of the structure who shall be requested to post the notice at the primary entrance of the structure.

6. The notice shall:
   a. describe the nature of the request,
   b. indicate the property which is the subject of the special land use request, by address and property number,
   c. state when and where the request shall be considered, and
   d. indicate when and where written comments will be received concerning the request.

B. Following notice, the Planning Commission shall hold a public hearing on the Special Land Use permit application.

C. The Planning Commission may approve, approve with conditions, or deny the Special Use permit request, based upon review and consideration of materials submitted with the application, comments received at the public hearing, and the applicable standards of this Chapter.

D. If the Planning Commission finds that the request meets all required standards, they shall approve the Special Use request.

Section 16.04 General Standards For Approval

A. The Planning Commission review each Special Land Use permit request, and approve said request only upon a finding that all of the following general standards are complied with:

1. The use is designed and constructed, and will be operated and maintained, so as to be harmonious and appropriate in appearance with the existing or intended
2. The use is, or will be as a result of the special land use permit, served adequately by public services and facilities, including, but not limited to streets, police and fire protection, drainage structures, refuse disposal, and schools. Adequate water and sewer facilities must be available.

3. The use does not involve activities, processes, materials and equipment or conditions of operation that will be detrimental to any persons, property or the general welfare by reason of traffic, noise, smoke, fumes, glare or odors.

4. The use will be compatible with the natural environment and will be designed to encourage conservation of natural resources and energy.

5. The site plan proposed for such use demonstrates compliance with the specific design standards for the special land use as contained in Section 16.07.

B. The decision and statement of conclusions, including conditions imposed on any approval, shall be kept and made a part of the Planning Commission minutes.

C. No request for Special Land Use approval which has been denied shall be resubmitted for one (1) year following such disapproval, except as may be permitted after learning of new and significant facts or conditions which might result in favorable action upon resubmittal.

Section 16.05 Conditions of Approval

The Planning Commission may impose reasonable conditions in conjunction with approval of a Special Land Use permit which are deemed necessary to ensure compliance with the general standards for approval in Section 16.04 and the Specific Design Standards of Section 16.07.

Section 16.06 Approval Term and Expiration

A. A Special Land Use permit, including conditions imposed, is attached to, and shall run with the land for which the permit is granted. The Special Land Use permit shall be binding upon subsequent owners and all occupants of the subject land. However, a time limit for the Special Land Use may be imposed as a condition of approval.

B. The special use shall be established within one (1) year of the date of approval by the Planning Commission. One (1) extension of this time period of up to one (1) additional year may be granted by the Ordinance Administrator. Such extension shall be requested in writing by the applicant, along with payment of a renewal fee as established by the Township Board, prior to the expiration of the initial approval period. In such case, the
Ordinance Administrator shall notify the Planning Commission, in writing, of the request for extension and the decision to grant or deny such extension.

Section 16.07 Special Land Use Specific Design Standards

G. Commercial outdoor recreation facility.

1. Minimum lot size of three (3) acres.

2. All outdoor lighting shall be directed away from, and shall be shielded from adjacent parcels.

3. All adjacent parcels shall be screened with a proper buffer or greenbelt, as outlined in Section 3.10, to afford adjacent property owners protection from noise, light, dust, or other nuisances.

4. Accessory retail sales may be permitted, but limited to the sale of goods specific to the recreation facility.

5. Trash containers shall be enclosed by a structure screened on at least three (3) sides.

H. Commercial schools including, but not limited to, dance, music, trade, and martial arts.

The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

I. Commercial storage (mini-storage units).

1. No more than forty percent (40%) of the lot may be covered by buildings, on-site driveways, parking and loading areas, and vehicular circulation aisles.

2. Parking and circulation:
   
a. One parking space shall be provided for each ten (10) storage cubicles, and shall be equally distributed throughout the site.
b. All driveways, parking and loading areas, and vehicular circulation aisles shall be paved or treated so as to prevent dust.

3. A six (6) foot fence may surround the property. The fence shall be aesthetically pleasing, and be made of an acceptable material, such as but not limited to, redwood, cinder block, or chain link with slats. The fence, with gate, must be setback at least forty (40) feet from the road right-of-way.

4. The use shall be fully screened from adjacent residential uses with a proper buffer or greenbelt, as outlined in Section 3.10.

5. The facility shall be fully lighted to insure optimal security. Any lights shall be shielded to direct light onto the use establish, and away from the adjacent properties.

6. An office may be permitted on site, but the office area shall be included in calculating the lot coverage.

7. In addition to any standards in this section, outside storage shall also comply with the following:
   a. Must be at the rear of the property, at least one hundred (100) feet from the front property line, and not in any required yard.
   b. A decorative and aesthetically pleasing fence shall be required surrounding the designated outside storage area, with a minimum height of eight (8) feet.

8. No toxic, hazardous, flammable, or explosive materials may be stored in such a unit.

9. The Planning Commission may stipulate additional standards to promote health, safety, and welfare to the public.

J. Community centers.

1. Off-street parking shall be required as outlined for “Assembly areas, auditoriums, and gymnasiums” in Chapter 15.

2. The parcel on which the use is located shall front on at least one (1) side, on a paved road.

3. Any outdoor playground equipment shall be enclosed by a fence at least four (4) feet in height. Such play area shall be setback from any property line at least fifty (50) feet.

K. Crop farming.

The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

L. Deer, elk, and other cervine farms.
1. The minimum lot size for such a use shall be forty (40) acres.

2. The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

3. If the population of the deer, elk, other cervine, or a combination of the aforementioned animals exceeds fourteen (14) per acre, the use must meet the standards of an Intensive Livestock Operation as outlined in Section 16.07, X.

M. Drive-through facilities for uses including, but not limited to, restaurants, banks and other financial institutions, and personal service establishments like dry-cleaning pick-up stations and pharmacies.

1. Sufficient stacking capacity for the drive-through portion of the operation shall be provided to ensure that traffic does not extend into the public right-of-way. A minimum of ten (10) stacking spaces for each service ordering station shall be provided. Stacking spaces shall be located so as to not interfere with vehicular circulation and egress from the property or parking spaces by vehicles not using the drive-through portion of the facility.

2. In addition to parking space requirements, at least three (3) parking spaces shall be provided, in close proximity to the exit of the drive-through portion of the operation, to allow for customers waiting for delivery of orders.

3. Parking areas shall be set back at least one-half the required front yard setback for the district in which the use is located, and at least twenty (20) feet from the side and rear lot lines.

4. Access driveways shall be located no less than one hundred (100) feet from the centerline of the intersection of any street or seventy-five (75) feet from the centerline of any other driveway.

5. Trash containers shall be enclosed by a structure screened on at least three (3) sides.

6. Outdoor speakers for the drive through facility shall be located in a way that minimizes sound transmission toward neighboring property and uses.

7. A proper buffer or greenbelt to screen the use from any adjacent residential uses, as outlined in Section 3.10.

N. Forest connected industries, including but not limited to, sawmills, lumber and planing mills, debarking operations, and chipping facilities.
1. All buildings and structures associated with the use shall be set back at least two hundred (200) feet from all property lines, however if the use is adjacent to a residential use, the setback shall be five hundred (500) feet.

2. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

3. Outdoor storage of raw material shall be limited to the side and rear yards of the property, and not within twenty (20) feet of such property lines.

4. Outdoor storage areas shall be within a fenced area, such fence shall be completely opaque, and at least six (6) feet in height, but no higher than ten (10) feet.

5. Access driveways shall be located no less than one hundred (100) feet from the centerline of the intersection of any street or seventy-five (75) feet from the centerline of any other driveway.

O. Funeral homes and mortuaries.

1. Lighting for parking areas or outdoor activity areas shall not be a nuisance to adjacent properties.

2. An off-street vehicle assembly area shall be provided to be used in support of funeral processions and activities. This area shall be in addition to the required off-street parking and its related maneuvering area.

3. No waiting lines of vehicles shall extend off-site or onto any public street.

4. Access driveways shall be located at least seventy-five (75) feet from the nearest right-of-way line of any intersecting street or from the nearest edge of any other driveway.

P. Gasoline stations.

1. Pump islands shall be a minimum of forty (40) feet from any public right-of-way or property line.

2. All equipment and activities associated with vehicle service operations, except those in incidental use, such as air hoses, shall be kept within an enclosed building.

3. Storage of vehicle components and parts, trash, supplies, or equipment outside of a building is prohibited.

4. If retail sales of convenience goods are conducted on the premises, parking for such uses shall be computed and provided separately for that use.

5. Canopy roofs shall be permitted to encroach into any required yard, provided that a minimum setback of twenty (20) feet is maintained, and further provided that the fascia of such canopy is a minimum of twelve (12) feet above the average
grade. Lighting in such canopies shall be flush with the underside of the canopy structure.

6. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

7. Where adjoining residentially zoned or used property, buffer or greenbelt shall be provided along the nonresidential property line, as outlined in Section 3.10.

8. The lot area used for parking shall be paved, graded, and drained so as to dispose of all surface water free from ponding, and not harmful to adjacent property owners.

Q. Golf courses and country clubs.

1. Minimum lot size of one hundred twenty (120) acres is required for a regulation eighteen (18) hole golf course, or forty (40) acres for each nine (9) holes of a par-3 style course.

2. The site shall be so planned to provide all access directly onto or from a major paved road.

3. All structures associated with the use shall be at least one hundred (100) feet from any property line abutting residentially zoned land.

4. The off-street parking area shall be so arranged as to provide the most safety for pedestrians, and ease of vehicular maneuvering.

5. The off-street parking area shall be at least fifty (50) feet from any property line abutting residentially zoned land.

6. Accessory uses like pro shops, restaurants and lounges, and golf driving ranges may be permitted.

R. Greenhouses and nurseries.

1. All buildings and structures associated with the use shall be setback at least one hundred fifty (150) feet from all property lines. EXCEPTION: When abutting commercial properties the setbacks for that zone must be met.

2. Outdoor display areas shall be setback at least fifty (50) feet from all property lines, and shall be limited to an area equal to one-half (½) the square footage of all buildings on the lot associated with the use.
3. A designated outdoor storage area shall be permitted for storage of machinery, pallets, and other items necessary for the use, provided such area is in the rear yard, and located no closer than fifty (50) feet to the rear and side lot lines.

4. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

S. Group day care homes.
Group day care homes shall meet those applicable standards as determined by the Ordinance Administrator, for Adult Foster Care Group Homes, in Section 16.07, A.

T. Health and fitness clubs.
The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

U. Storage building for residential and commercial.
   1. All Storage shall be within the building.
   2. The use shall be adjacent to, and have direct access to a paved road.
   3. All drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property.
   4. All driveways, parking and loading areas, and vehicular circulation aisles shall be paved or treated so as to prevent dust.
   5. The use shall be fully screened from adjacent residential uses with a proper buffer or greenbelt, as outlined in Section 3.10.
   6. The Planning Commission may stipulate additional standards to promote health, safety, and welfare to the public.

V. Hotels and motels.
   1. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.
   2. Restaurants and retail shops may be permitted accessory to the hotel or motel. However, off-street parking for the accessory uses must be provided in addition to the required parking for the sleeping rooms.

W. Hunting reserves.
   1. Minimum lot size shall be forty (40) acres.
2. The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

X. Kennels.

1. Buildings wherein dogs are kept, dog runs, and/or exercise area shall not be located nearer than one hundred (100) feet to any occupied dwelling or any building on an adjacent parcel used by the public and shall not be located in any required front, rear, or side yard setback area.

2. Dog runs and/or exercise area, and buildings where the dogs are maintained shall be located in the rear yard only.

3. Each dog run and/or exercise area shall be separately fenced from the adjoining dog run and/or exercise area.

4. There shall be a fence around the outside perimeter of the dog runs and/or exercise areas, with a height of not less than six (6) feet.

5. Parcel shall be five (5) acres or more in size.

6. Such facilities shall be under the jurisdiction of the Markey Township Planning Commission/Roscommon Animal Control, and subject to other conditions and requirements of said body deemed necessary to ensure against the occurrence of any possible nuisance by requiring necessary minimum distances, berms, additional fencing, soundproofing, and sanitary requirements.

Y. Lumber yards and building material sales areas.

1. The principal and accessory buildings and structures shall not be located within three hundred (300) feet of any residential use or district property line.

2. A proper buffer or greenbelt shall be provided between the subject use, and any adjacent residential district, in accordance with Section 3.10.

3. Any outside storage shall be so screened to obstruct outside vision of the materials from any public road, or adjacent property.

4. Outdoor sales and display areas shall be limited to twenty (20) square feet for each linear foot of building frontage.

5. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

6. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

Z. Marinas
1. There shall be no storage of gasoline, fuel oil, or other flammable liquids or gases unless said storage facility meets all local, county, state, and federal EPA regulations.

2. No building, structure, dock, or parking area which is part of marina shall be located closer than fifty (50) feet to any residential lot line.

3. Parking facilities shall not be used for the overnight storage of boats, trailers, or other vehicles.

4. On-land boat storage areas shall be either inside an enclosed building, or fenced and screened following the standards outlined in Section 3.10.

5. Accessory restaurants and lounges may be permitted.

6. Accessory retail sales may be permitted.

AA. Medical offices.

1. The use shall front upon a paved public road. All ingress and egress shall be from said thoroughfare.

2. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

BB. Mining of natural resources.

Mining of natural resources includes the excavation or mining of sand and gravel; the processing, storage, loading, and transportation of sand and gravel; the mining of clay; the extraction of peat or marl; the quarrying of stone; and the mining of coal. The incidental excavation of sand and gravel for on-site use only is excluded from the regulations of this Ordinance, except that the setback and yard requirements for the district shall be met.

1. A minimum setback for the mining operation of fifty (50) feet from any property line, and seventy-five (75) feet from any public road.

2. The permanent processing plant and its accessory structures shall not be closer than 250 feet from any property line or public road.

3. When practicable, the permanent processing plant shall be located within the excavation area, at a point lower than the general level of the surrounding terrain, in order to reduce the visual impact of the plant structure.

4. Storage piles of processed material and overburden stripped mining areas shall not be located closer than fifty (50) feet from any property line, and one hundred (100) feet from any public road.

5. A minimum of twenty (20) acres is required for the use.
6. With application for the Special Land Use, an Operational Plan must be submitted for review by the Planning Commission. If the Operational Plan meets the intent and purpose of this Ordinance, the goals and objectives of the Township Master Plan, and is consistent with sound planning principles, the Planning Commission may approve the plan. The plan should provide at least the following information, but not limited to: the areas to be mined, the location of permanent structures, locations for storage piles, the points of access upon public roads, screening, and reclamation plans. The Operational Plan must be approved prior to issuance of a Land Use Permit.

7. Upon commencement of mining operations, the mining area shall be enclosed within a five (5) foot high fence, and “No Trespassing” signs shall be posted at most one hundred (100) feet apart.

8. Sight barriers shall be provided along all boundaries adjacent to roads which lack the natural vegetative terrain conditions to effectively screen the mining operation. The sight barriers shall consist of one (1) or more of the following:
   a. Earth berms which shall be constructed to a height of five (5) feet above the mean elevation of the centerline of the public road adjacent to the mining property. The berm shall have a slope not in excess of one (1) foot vertical to four (4) feet horizontal, and shall be planted with grass, trees, and shrubs.
   b. Screen plantings of coniferous or other suitable species at least five (5) feet in height, in two (2) rows parallel to the boundary of the property, with spacing of rows no greater than ten (10) feet, and spacing of trees within rows no greater than ten (10) feet apart.
   c. Masonry walls or solid fences which shall be constructed to a height at least five (5) feet.

9. Noise and vibration shall not be nuisance to the general health, safety, and welfare of the residents in Markey Township, and shall be minimized in their effect on adjacent properties by the proper use of berms, walls, and screen plantings.

10. Air pollution in the form of dust and dirt shall be kept at a minimum.

11. All equipment used for the mining operation shall be operated in such a manner as to minimize, insofar as is practicable, dust, noise and vibration conditions which are injurious or substantially annoying to persons living in the vicinity.

12. Interior roads serving the mining operation shall be paved, treated, or watered insofar as is practicable, to minimize dust conditions.
Markey Township Zoning Ordinance #35

13. No mining shall take place within the specified distance from the margin of any stream or waterway as established by the Michigan Water Resources Commission, Department of Environmental Quality.

14. All natural resource extraction areas shall be reclaimed and rehabilitated as soon as may be practicable after each mining phase has been completed, and in accordance with the plan approved by the Planning Commission and Township Board. Reclamation may be conducted concurrently with phased mining operations, for example, a mined-out phase section of the area may be undergoing rehabilitation while a second phase may be undergoing active mining.

15. Reclamation shall be completed in accordance with the plan approved by the Planning Commission and Township Board within one (1) year after all extraction has been completed.

a. The excavated area shall not retain stagnant water.

b. The surface of the excavated area shall be graded or backfilled to produce gently rolling surface that will minimize wind and water erosion, and be compatible with the adjoining land area.

c. The finished grade resulting from excavation shall not be steeper than one (1) foot vertical to three (3) feet horizontal.

d. Topsoil of a quality equal to that occurring naturally in the surrounding area, shall be replaced on all excavated areas, except on roads, beaches, or other planned improvements. The depth of the topsoil shall be at least four (4) inches deep.

e. Vegetation shall be restored by the appropriate planting of grass, trees, and shrubs in order to establish a permanent vegetative cover on the land surface, and to minimize erosion.

f. All processing plant structures, buildings, stockpiles, and equipment shall be removed from the area no later than one (1) year after extraction has ceased.

16. The mining company shall post a minimum financial guarantee in the amount of $10,000 for the first five (5) operational acres. The financial guarantee shall be increased on the yearly anniversary date of the mining permit at a rate of $2,000 per each additional operation acre which exceeds the first five. The guarantee shall be provided in one (1) of the following forms:

a. Cash

b. Certified check

c. Irrevocable bank letter of credit

d. Surety bond acceptable to the Planning Commission.

Upon rehabilitation of mined acreage, and reduction of net operational area, the bond or security shall be released in accordance with the amount or security required per acre.
17. Inspections shall be made of the mining site, not less often than twice in each calendar year, by the Ordinance Administrator. Failure to correct a reported violation shall be reason for revocation of the special land use permit. Additional time for correction of the cited violation may be allowed upon submission to the Township Board of proof of good and sufficient cause by the operating company.

CC. Multiple family dwellings other than existing condo associations.

1. 12,000 Sq. Ft. Per Site (Land), 1,000 Sq. Ft. Per Unit or Dwelling, Number of Allowed Sites (Land) or units (Dwellings) = The total sq. ft. of land divided by 12,000

2. If unit is 2 story, side setbacks would double to allow views of the lake.

3. 3 Parking spaces per dwelling (12’ x 24’) for each space. Parking not to encroach into setbacks.

4. Outdoor lighting for parking or activity areas shall be shielded to prevent light from spilling onto any adjacent property.

5. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

DD. Municipal airports.

1. The area proposed for the use shall be sufficient to meet the applicable Michigan Aeronautics Commission and Federal Aeronautics Administration’s requirements for the class of airport proposed.

2. No existing flight obstructions, such as towers, chimneys, or other tall structures, or natural obstructions outside the proposed airport which would fall within the approach zone to any of the proposed runways, or landing strips of the airport.

3. Sufficient distance exists between the end of each landing strip and the airport boundary to satisfy the requirements of the Federal Aeronautics Administration or any other appropriate agency responsible for authorizing such uses. In cases where air rights or easements have been acquired from the owners of abutting properties in which approach zones fall, satisfactory evidence thereof shall be submitted with the application.

4. Any buildings, hangers, or other structures associated with the use shall be at least one hundred fifty (150) feet from any lot line.

5. The site plan submitted for review and approval shall include in addition to the requirements of Section 15.01, a layout for the proposed runways, landing strips.
or areas, taxi strips, aprons, on-site roads, parking areas, hangers and other buildings, and the height of all buildings and structures.

EE. Municipal buildings.

1. The proposed site shall front upon a paved public road. All ingress and egress shall be from said road.

2. Buildings and structures shall be setback at least one hundred (100) feet from all property lines and street rights-of-way.

3. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

4. The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

FF. Nursing or convalescent homes.

1. All bedrooms shall have a minimum of two hundred (200) square feet.

2. The allowable density of the zoning district may be increased by no more than fifty percent (50%) for all nursing care units licensed by the state of Michigan and no more than twenty-five percent (25%) for non-licensed nursing care and supportive care units.

3. All medical waste facilities shall be secured and meet the requirements of the Michigan Department of Health.

4. The site shall front upon a paved road. The ingress and egress for off-street parking facilities for guests, patients, employees and staff shall be directly from said road.

5. Minimum setbacks for all main and accessory buildings shall be seventy-five (75) feet.

6. Any emergency entrances shall be visually screened from view of adjacent residential uses by a structure, or by a sight-obscuring wall or fence of six (6) feet in height. Access to and from the emergency entrance area shall be directly from a paved road.

7. No more than thirty percent (30%) of the gross site area shall be occupied by buildings.
8. All off-street parking areas shall be in the side or rear yard.

9. A five (5) foot sidewalk shall be required adjacent to the front property line beginning at one side lot line, and ending at the other. In the case of a corner lot, the sidewalk shall run adjacent to the entire road frontage.

10. Any outdoor recreation, sitting, or walking areas shall be served by a five (5) foot wide sidewalk connecting all such areas, with all egress doors on the main building, the off-street parking area, and the sidewalk adjacent to the front property line.

11. The use shall be supported by certain infrastructure features, including paved roads, natural gas, and public water and sanitary sewer.

GG. Offices and showrooms for building and general construction contractors, electricians, plumbers, mechanical contractors, and similar trades.

1. Minimum setbacks of seventy-five (75) feet for all structures and storage yards shall be required.

2. The use shall be in the building where such allied goods are assembled, repaired, altered, or stored.

3. The offices and showrooms shall not occupy more than fifty percent (50%) of the floor area of the building or space the main use occupies.

4. Outside storage shall not be permitted in any required setback area, and only in the rear of the building.

5. The wall facing and visible from the primary street shall be used for the main entrance, offices, and display area.

6. Off-street parking shall be required as provided in this Ordinance for office uses, plus required parking for the main use.

HH. Places of assembly, including but not limited to, dance pavilions, auditoriums, and private clubs.

1. Off-street parking shall be required as outlined for “Assembly areas, auditoriums, and gymnasiums” in Chapter 15.

2. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.
3. The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

II. Planned unit developments.

1. Description and Purpose.

a. The use, area, height, bulk and placement regulations of this Ordinance are primarily applicable to the usual situation of one (1) main building on a lot. In certain large developments, these requirements might result in situations less in the interest of public health, safety and welfare than if a controlled degree of flexibility were allowed. The Planned Unit Development (PUD), is intended to permit and control the development of planned areas for various compatible uses allowed by this Zoning Ordinance, and for other exceptional uses not so provided.

b. It is intended that uses in a PUD shall afford each type of land use reasonable protection from encroachment or interference by other incompatible land uses, and that reasonable protection be afforded to uses adjacent to a PUD.

c. Under this Subsection, all proceedings shall be conducted with due consideration for maintenance of reasonable conditions regarding emission and transmission of injurious or obnoxious noise, fire or explosion hazard, liquid or solid waste disposal, vibration, gas fumes, smoke, dust, dirt, litter, odor, light, glare, traffic congestion, ingress and egress, ease of police and fire protection, drainage, lateral land support, blighting influence, effect on property values, light and air, overcrowding of persons, sanitation, general appearance of the area, surface and ground water quality, and other similar considerations affecting public health, safety and general welfare of the people of the surrounding area.

2. Objectives and Qualifying Conditions.

a. The following objectives shall be met by any application for any PUD in order to realize the inherent advantages of coordinated, flexible, comprehensive, long-range planning, and development of such planned development:

(1) To provide more desirable living, shopping, and working environments by preserving as much of the natural character of the property as possible, including, but not limited to, open space, stands of trees, brooks, ponds, flood plains, hills, and similar natural features.

(2) To encourage the provision of open space and the development of recreational and, where included in the plan, other support facilities in a generally central location within reasonable distance of all living units, or working/shopping outlets.

(3) To encourage developers to use a more creative and imaginative approach in the development of areas.

(4) To encourage underground utilities that can be more efficiently designed when master planning a larger area.
(5) To allow phased construction with the knowledge that subsequent phases will be approved as originally planned, and approved by the Township.

(6) To promote flexibility in design and permit planned diversification in the location of structures.

(7) To promote the efficient use of land to facilitate a more economic arrangement of buildings, circulation systems, land use, and utilities.

(8) To combine and coordinate architectural styles, building forms, and building relationships within the PUD.

(9) To insure a quality of construction commensurate with other developments in the Township.

b. Any proposed PUD must meet the following qualifying conditions:

(1) The tract of land for which a PUD application is received must be either in one (1) ownership, or the subject of an application filed jointly by the owners of all affected properties.

(2) The property that is the subject of a PUD application must be a minimum of ten (10) contiguous acres in total area, unless specified elsewhere in this subsection.

(3) To be considered as a Residential PUD the proposed development must fulfill at least one (1) of the following conditions:

   (a) The PUD contains two (2) or more separate and distinct uses, for example, single family and multiple family dwellings;
   
   (b) The PUD site exhibits significant natural features encompassing at least twenty percent (20%) of the land area of the PUD, which will be preserved as a result of the plan.
   
   (c) The PUD is designed to preserve in perpetuity at least twenty percent (20%) of the total area of the site for open space.

(4) Basis of Determination - Prior to approval of a Planned Unit Development application, the Planning Commission shall insure that the standards specified in this subparagraph, as well as applicable standards established elsewhere in this Ordinance, shall be satisfied by the completion of the Planned Unit Development under consideration.

   (a) General Standards - The Planning Commission shall review the particular circumstances of the Planned Unit Development application under consideration in terms of the following standards, and shall approve a Planned Unit
Development only upon a finding of compliance with each of the following standards:

i. The standards outlined in Section 16.04;
ii. The standards of review for Site Plan Review in Section 15.01;
iii. The applicable standards of this subparagraph; and
iv. The applicable standards as may be established elsewhere in this Ordinance.

(b) Conditions - The Planning Commission may impose conditions with the approval of a Planned Unit Development which are necessary to insure compliance with the standards for approval stated in this subsection, and any other applicable standards contained in this Ordinance. Such conditions shall be considered an integral part of the PUD approval, and shall be enforced by the Ordinance Administrator.

3. Application Procedures.

a. An application for a PUD shall be submitted, and acted upon as a Special Land Use in accordance with the requirements of Chapter 16, and as noted in this subparagraph.

b. In addition to the requirements of a Special Land Use, an application for a PUD shall be accompanied by a statement with regard to compliance with the criteria required for approval in Section 16.07, JJ, 2, and other criteria imposed by this Ordinance affecting the PUD under consideration.

c. Review and Approval - The Planning Commission shall review the application for a PUD, the site plan, and other materials submitted in relation to the application. After such review, the Planning Commission may deny, approve, or approve with conditions, the PUD application in accordance with the purpose of this Section, and the criteria for approval stated in Section 16.07, JJ, 2. Other such standards contained in this Ordinance that relate to the PUD under consideration, including those for Site Plan Review will also be considered by the Planning Commission. The Planning Commission shall prepare a report stating its conclusions on the request for a PUD, the basis for this decision, any conditions relating to an affirmative decision, or reasons for denial.

4. Planned Unit Developments in applicable Residential Districts.

a. The following uses may be permitted, either singly, or in combination, in accordance with the applicable PUD requirements, in a Residential District (excluding R-1A):

(1) Single-family detached dwellings.
(2) Two-family dwellings, provided that such units make up no more than twenty percent (20%) of the total number of residential dwelling units in the PUD.
(3) Multiple-family dwellings, provided that such units make up no more than thirty percent (30%) of the total number of residential dwelling units in the PUD.

(4) Permitted Uses in the NCS District, subject to the standards noted for non-residential uses in the PUD, Section 16.07, JJ, 5, f, and the requirements of the NCS District.

b. Except as noted in Section 16.07, JJ, 4, i, the maximum number of dwelling units permitted shall be determined by the designation of the Master Plan for the property in which the PUD is proposed. If the PUD lies in more than one (1) Future Land Use category, the number of dwelling units shall be calculated on a proportionate basis.

c. The total amount of land to be used for the calculation of the permitted density in a PUD shall be determined by using the net developable area, which shall be determined by taking the total site area, and subtracting lands used or dedicated for public easements and public or private road right-of-ways.

d. The minimum setbacks and yard requirements for any lot designated for residential use shall comply with the requirements of the underlying zone district, unless the Planning Commission finds that slight deviations from those standards is necessary for the site to meet the objectives of this Section.

e. Land not proposed for development, but used for the calculation of overall density shall be considered open space and subject to the requirements of Section 16.07,JJ,4.

f. Non-Residential Uses.

(1) All non-residential uses allowed in the PUD, shall occupy no more than ten percent (10%) of the PUD project’s developable area.

(2) All such uses shall be integrated into the design of the project with similar architectural and site development elements, such as signs, landscaping, etc.

(3) Such uses shall be permitted only if they will not materially alter the residential character of the neighborhood or the PUD.

(4) All merchandise for display, sale or lease shall be entirely within an enclosed building(s).

(5) Buildings designed for non-residential uses shall be constructed according to the following requirements:

(a) If the entire PUD contains fewer than twenty (20) dwelling units, seventy-five percent (75%) of these units must be constructed prior to construction of any non-residential use.

(b) If the PUD contains more than twenty (20) dwelling units, fifty percent (50%) of these units shall be constructed prior to the construction of any non-residential use.

g. Open Space - At least twenty percent (20%) of the site must be set aside, and designated as open space. Open space provided in the PUD shall meet the following conditions and requirements:
(1) Additional open space may be established to separate use areas within the PUD.

(2) Open space areas shall be large enough, and of proper dimensions so as to constitute a useable area, with adequate access, through easements or other similar arrangements, such that all properties within the entire PUD may utilize the available open space.

(3) Open space may be provided where significant natural features may be preserved, or be used for passive or active recreation.

(4) All open space shall be in the joint ownership of the property owners within the PUD. A property owner’s association shall be formed which shall take responsibility for the maintenance of the open space.

(5) Designated open space shall be set aside by means of a conveyance approved by the Township Board. The conveyance shall state and outline:

(a) that the open space is protected from all forms of development except as shown on the approved site plan;
(b) that the open space shall not be changed to another use without the consent of the Township;
(c) the proposed allowable use of the designated open space;
(d) that the designated open space is maintained by the parties who have an ownership interest in the open space;
(e) the scheduled maintenance of the open space; and,
(f) that the maintenance of the open space may be undertaken by the Township in the event that the open space is inadequately maintained or becomes a nuisance. Further that, any costs incurred by the Township for such maintenance shall be assessed against the property owners.

h. To the extent possible, dedicated open space areas shall be continuous and contiguous throughout the PUD. Open space areas shall be large enough and of proper dimensions so as to contribute significantly to the purpose and objectives of the PUD.

i. Open space preservation incentive - In order to preserve the maximum amount of open space, for PUDs in a Residential District, an increase in the total number of dwelling units may be permitted, according to the following requirements:

(1) PUDs providing at least thirty-five percent (35%) of open space in an undisturbed state shall be entitled an additional ten percent (10%) of the number of dwelling units otherwise permitted by this Section.

(2) PUDs providing between thirty-six percent (36%), and fifty percent (50%) of open space in an undisturbed state shall be entitled an additional twenty percent (20%) of the number of dwelling units otherwise permitted by this Section.

(3) PUDs providing fifty-one percent (51%) of open space in an undisturbed state, or more, shall be entitled an additional twenty five percent (25%) of the number of dwelling units otherwise permitted by this Section.
All open space provided under these provisions shall meet the following criteria:

(a) The open space shall not be part of any building lot included in the development.

(b) The open space shall be in contiguous areas, and shall not be of an unusual shape, configuration, or other conditions that would make the open space largely unusable.

(c) Open space shall meet the requirements of Section 16.07, JJ, 4, g.
5. PUDs in a Commercial District.
   a. The minimum area required for a parcel to be considered as a Commercial PUD shall be not less than five (5) contiguous acres.

3. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

UU. Sexually oriented business.

In the development and execution of this subsection, it is recognized that there are some uses which, because of their very nature, have serious objectionable operational characteristics, particularly when several of them are concentrated under certain circumstances or when one or more of them is located in proximity to a residential zone, thereby having a deleterious effect upon the adjacent areas. Special regulation of these uses is necessary to insure that these adverse effects will not contribute to the blighting or downgrading of the surrounding neighborhood. These special regulations are itemized in
this subsection. These controls are for the purpose of preventing a concentration of these uses within any one area, or to prevent deterioration or blighting of a nearby residential neighborhood. These controls do not legitimize activities which are prohibited in other sections of the Zoning Ordinance.

A sexually oriented business shall be permitted if:

1. The use is located within a zone district where the use requires Special Land Use approval.

2. The use is not located within a one thousand (1,000) foot radius of another such use except that such restrictions may be waived by the Planning Commission, if the following findings are made:
   a. That the proposed use will not be contrary to the public interest or injurious to nearby properties, and that the spirit and intent of this subsection will be observed.
   b. That the proposed use will not enlarge or encourage the development of a blighted or deteriorating area in its immediate surroundings.
   c. That the establishment of a regulated use, or an additional regulated use, in the area will not be contrary to any program of neighborhood conservation.
   d. That all applicable state laws and local ordinances will be observed.
   e. Prior to the granting of any waiver as herein provided, the Township Board may impose any such conditions or limitations upon the establishment, location, construction, maintenance, or operation of the regulated use as may, in its judgment, be necessary for the protection of the public interest. Any evidence and any guarantee may be required as proof that the conditions stipulated in connection therewith will be fulfilled.

3. Parking spaces shall be provided at the ratio of one (1) space per person permitted by the maximum occupancy load established by local, county, state, fire, health, or building codes.

4. No sexually oriented business shall remain open at any time between the hours of eleven o’clock (11:00) P.M. and ten o’clock (10:00) A.M., and no such use shall be open on Sundays.

5. No alcohol shall be served at any sexually oriented business.
6. No sexually oriented business shall permit any person under the age of eighteen (18) years to enter the premises. Signs shall be conspicuously posted noting that such minors are not allowed.

7. All parking areas and the building shall be well lighted to ensure the safety and security of patrons. These areas shall remain lighted for one (1) hour after closing each night.

8. The lot or parcel on which the use is located shall not be closer than one thousand (1,000) feet from any school, church, or park, and five hundred (500) feet from any residential use or zoning district, measured from lot line to lot line.

VV. Storage buildings / yards for contractor’s equipment.

1. The storage area shall be within a totally enclosed building; or in the rear yard of the property inside a six (6) foot high solid fence or wall.

2. The use shall be adjacent to, and have direct access to a paved public road.

3. The area where the equipment is to be stored, and all interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

4. The Planning Commission may stipulate additional standards to promote health, safety, and welfare to the public.

WW. Transportation terminals.

1. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or any other driveway.

2. The area designated for overnight truck and trailer parking shall be set back a minimum of one hundred (100) feet, however, if adjacent to a residential district or use, then the setback shall be increased to three hundred (300) feet.

3. The principal building shall not be located within two hundred (200) feet of any residential use or district.

4. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

5. Any vehicle or equipment stored outside of an enclosed building shall not be located within any required yard.

XX. Deleted as amended 3/31/05

YY. Vehicle sales areas
Such uses shall meet all applicable provisions, as determined by the Ordinance Administrator, for Vehicle Service Establishments, as outlined in subsection 16.07, BBB, below.

ZZ. Vehicle service establishments.

1. The principal and accessory buildings and structures shall not be located within one hundred fifty (150) feet of any residential use or district, or if not located adjacent to a residential use or district, such setback shall be at least seventy-five (75) feet.

2. All equipment and activities associated with vehicle repair operations, except those in incidental use, such as air hoses, shall be kept within an enclosed building.

3. Inoperative vehicles left on the site shall be stored within an enclosed building or in an area screened by an opaque fence not less than six (6) feet in height. Such fence shall be continuously maintained in good condition. This area shall be paved with asphalt or concrete, and shall be no larger than five thousand (5,000) square feet.

4. Storage of vehicle components and parts, trash, supplies, or equipment outside of a building is prohibited, except in designated and approved storage areas as outlined in subsection 3.

5. Access driveways shall be located at least one hundred (100) feet from the nearest right-of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

6. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property. Further such areas shall be paved, or so treated to minimize air pollution in the form of dust.

AAA. Vehicle wash establishment.

1. Sufficient stacking capacity for the drive-through portion of the operation shall be provided to ensure that traffic does not extend into the public right-of-way. A minimum of ten (10) stacking spaces for an automatic wash facility shall be provided. For self-service establishments, each stall shall have at least two (2) stacking spaces at the entrance and one (1) space at the exit.

2. Vacuuming activities, if outdoors, shall be at least two hundred (200) feet from any residential use or district property line. Wash bays for self-service establishments shall be located at least one hundred (100) feet from any residential use or district line.

3. Only one (1) access driveway shall be permitted on any single street. Access driveways shall be located at least one hundred (100) feet from the nearest right-
of-way line of any intersecting street or seventy-five (75) feet from the nearest edge of any other driveway.

4. All interior drives and parking areas shall be graded and drained to prevent ponding on site, and to prohibit storm water from running onto adjacent property.

BBB. Veterinary hospitals and clinics.

Runs, exercise areas, pens or other outdoor areas where animals are kept shall meet the requirements for Kennels, as outlined in subsection 16.07, Y, above.

CCC. Wildlife preserves.

The use shall meet the general standards for special land uses outlined in section 16.04, the general provisions for all uses, and the requirements for the district in which the use is located.

DDD. Wireless communication towers and radio and television broadcast towers.

The applicant must demonstrate that construction of a new tower is necessary to best suit their, rather than placing an antennae on an existing tower, spire, or municipal structure. If the Planning Commission is convinced no other method is applicable, the following standards must be met:

1. Such uses may be accessory to an existing use on the site.
2. The tower and any other related appurtenances, shall be fenced with a six (6) foot high fence.
3. The tower base must be at least one hundred (100) feet from any lot line.
4. The maximum height of the tower shall be three hundred (300) feet.
5. To encourage co-location, the tower shall be equipped to accommodate three (3) antennae.
6. All State and Federal regulations must be met.
Chapter 17
Zoning Board of Appeals

Section 17.01 Membership

A. Continuation of Present Zoning Board of Appeals - The Zoning Board of Appeals existing at the time of adoption of this Ordinance shall perform its duties and exercise its powers as provided in Section 20 of the Township Rural Zoning Act.

B. Composition and Terms - The Zoning Board of Appeals shall consist of three (3) members appointed by the Township Board for a three (3) year term. One (1) member shall be from the Planning Commission. The Chairman of the Zoning Board of Appeals shall not be an elected official.

C. Alternate Members - Up to two (2) alternate members may be appointed by the Township Board for three (3) year terms. If two (2) alternate members have been appointed, they may be called on a rotating basis, as they are available to sit as regular members of the Zoning Board of Appeals in the absence of a regular member. An alternate member may also be called to serve in the place of a regular member for the purpose of reaching a decision on a case in which the regular member has abstained for reasons of conflict of interest. The alternate member having been appointed shall serve in the case until a final decision has been made. The alternate member shall have the same voting rights as a regular member of the Zoning Board of Appeals. An alternate member shall only serve to discuss or vote upon a case in the absence of a regular member or upon the conflict of interest of a regular member.

D. Vacancies - Any vacancies in the Zoning Board of Appeals shall be filled by appointment by the Township Board.

E. Officers - The Zoning Board of Appeals shall annually elect its own Chairman, Vice Chairman and Secretary.

Section 17.02 Meetings

A. Meetings - All meetings of the Zoning Board of Appeals shall be held at the call of the Chairman and at such times as the Zoning Board of Appeals may determine. All hearings conducted by the Zoning Board of Appeals shall be open to the public. The Secretary to the Board or their representative, shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact; and shall also keep records of its hearings and other official action. Two (2) members of the Zoning Board of Appeals shall constitute a quorum for the conduct of its business. The Zoning Board of Appeals shall have the power to subpoena and require the attendance of witnesses, administer oaths, compel testimony and the production of books, papers, files and other evidence pertinent to the matters before it.
B. Hearings - The Zoning Board of Appeals shall make no decision regarding a variance except after a hearing is conducted by the Zoning Board of Appeals. Due notice shall be given to all parties to the appeal stating the time and place of such hearing.

Section 17.03 Jurisdiction

The Zoning Board of Appeals shall not have the power to make any change in the terms of this Ordinance, but does have power to act on those matters where this Ordinance provides for an administrative review, interpretation, and to authorize a variance as defined in this Chapter and the laws of the State of Michigan. The Zoning Board of Appeals shall have the authority to hear appeals from a decision made in respect to a rezoning, and in respect to a special land use request. The powers of the Zoning Board of Appeals include:

A. Hearing of Appeals - To hear and decide appeals where it is alleged by the appellant that there is an error in any order, requirement, permit, decision or refusal made by the Ordinance Administrator or any other administrative official in carrying out or enforcing the provisions of this Ordinance.

B. Granting of Variances - A variance from the specific requirements of this Ordinance may be granted by the Zoning Board of Appeals in accordance with the requirements and procedures of this Chapter.

C. Zoning Ordinance Interpretation - The Zoning Board of Appeals may interpret the provisions of this Ordinance to carry out the intent and purposes of the Zoning Ordinance where the meaning of the provision is uncertain.

D. Granting of Temporary Uses and Buildings. Such temporary permits for uses and buildings may only be issued as outlined in this Subsection.

1. Permits.
   a. Each permit shall specify the location and use for such temporary dwelling or structure, and shall be valid for up to twelve (12) calendar months, unless otherwise provided for herein.
   b. Upon applying for a temporary dwelling or structure permit, the applicant shall pay a fee as determined by the Township Board, to the Township Clerk. A fee shall also be collected by the Township, for any extensions requested by the applicant.
   c. Permits may be renewed by the Zoning Board of Appeals for one (1) additional successive period of six (6) calendar months, or less, at the same location and for the same purpose.
   d. Each application for a temporary dwelling or structure shall include the information required as outlined in Section 14.01, for Site Plan Review,
except for those requirements that may be waived by the Zoning Board of Appeals.

2. Types of dwellings or structures allowed by this section.

   a. Temporary construction office building, storage building, or storage yard for construction materials and equipment during construction of a permanent building may be permitted, under the following conditions:

      i. The requirements of Section 17.03, D, 1, have been met.
      ii. Extensions shall only be granted if such building or yard is still incidental and necessary to construction at the site where it is located.

   b. Temporary sales office or model home that is both incidental and necessary for the sale or rental of real property in a new subdivision, condominium project, or other housing project may be permitted, under the following conditions:

      i. The requirements of Section 17.03, D, 1, have been met.
      ii. Extensions may only be granted if the Zoning Board of Appeals determines that such office or model home is still incidental and necessary for the sale or rental of real property in said residential project.

   c. Temporary dwellings in any Residential District may be permitted for a period of not more than eight (8) calendar months, however, permits may be renewed by the Zoning Board of Appeals for one (1) additional successive period of two (2) calendar months, or less, at the same location and for the same purpose only after the Board of Appeals finds the following conditions outlined below to be true:

      i. The temporary dwelling is a manufactured home meeting the United States Department of Housing and Urban Development regulations entitled, “Mobile Home Construction and Safety Standards” effective June 15, 1976, as amended.
      ii. The temporary dwelling is for the use and occupancy of the property owner, and his or her family while they are constructing a permanent residence at the same location.
      iii. A building permit has been issued for the construction of a permanent residence to the individual applying for the temporary dwelling permit.
      iv. The temporary dwelling meets the water and sewer requirements of the Public Health Department, and all other applicable Township and County ordinances.
v. The temporary dwelling is sufficiently secured to the ground to prevent overturning through the actions of high winds or other natural conditions.

vi. The applicant has signed an agreement of understanding of the requirements for removal of temporary dwellings as outlined below.

(a) The temporary dwelling shall be removed upon expiration of the temporary permit, and any extensions thereto, or upon completion of the permanent residence, whichever occurs first.

(b) The temporary dwelling may be removed by the Township upon expiration of the temporary permit, and any extensions thereto, or upon completion of the permanent residence, and any costs incurred by the Township in carrying out this provision shall be charged to the property owner. If the property owner does not pay the charges within six (6) months of the first billing notice, said charges shall become a lien on the property, and recorded as provided for by law.

d. Temporary structures for hunting and recreation camps are permitted within the A-1 and R-3 Zoning Districts, provided that:

i. The structure shall be:

(a) A wheeled vehicle, licensed and registered;

(b) Such vehicle shall be in compliance with the Michigan Motor Vehicle Code; have properly inflated tires; and have working turn signals and brake lights.

ii. The structure shall be designed for sleeping and camping, and shall contain, at a minimum, portable sanitary facilities.

iii. The structure shall not be occupied for a period more than forty-five (45) consecutive days in any one (1) year. Occupation for longer periods constitutes a temporary dwelling and the standards in Subsection 17.03, D, 2, c, shall be met.

iv. The structure shall not be located in the required front or side yard.

v. Where possible, access to the parcel where the structure is located shall be limited to one (1) driveway.

e. Temporary Accessory Dwelling for Family Member. In the A-1, R-3, and R-2 Zoning Districts, a temporary accessory dwelling may be permitted on a lot with a principle structure, for one (1) calendar, and up to two (2)
additional and successive one (1) year permits may be issued to the same property for the same purpose, if the following conditions are met:

i. The temporary dwelling is:
   
   (a) A wheeled vehicle, licensed and registered;
   (b) In compliance with the Michigan Motor Vehicle Code;
   (c) Have properly inflated tires; and
   (d) Have working turn signals and brake lights.

ii. The occupant of the temporary dwelling is a blood relative of the property owner on which the temporary dwelling is to be located.

iii. The minimum yard and area standards, excepting the lot area requirement shall be met for the temporary dwelling.

iv. The temporary dwelling shall meet the water and sewer requirements of the Public Health Department, and all other applicable Township ordinances.

v. A performance guarantee may be required for the removal of the temporary dwelling at the end of its useful purpose.

3. In considering authorization for any temporary dwelling or structure, the Zoning Board of Appeals shall consider the following standards:

a. That there will be no unsanitary conditions or other detrimental effects upon the property, occupants, or adjacent properties;

b. That, in the case of occupancy during construction, the use or structure is reasonably necessary for the convenience and safety of the construction proposed;

c. That the structure does not impact the nature of the surrounding neighborhood;

d. That access to the use, area, or structure is located at the least offensive point on the property; and

e. That a hardship exists which necessitates the use of a temporary structure during construction of a permanent structure.

f. The granting of the temporary use or building shall in no way constitute a change in the basic uses permitted in the district, nor on the property where the temporary use is permitted.
g. The granting of the temporary use or building shall be issued in writing, stipulating all conditions as to time, nature of development permitted and arrangements for removing the use at the termination of the temporary permit.

h. All setbacks, land coverage, off-street parking, lighting and other requirements shall be made at the discretion of the Zoning Board of Appeals.

i. The use or building shall be in harmony with the general character of the district.

j. No temporary permit shall be granted without first giving notice to owners of adjacent property of the time and place of a public hearing to be held as provided for in this Ordinance.

k. Prior to granting a temporary permit the Board may seek the review and recommendation of the Planning Commission.

4. A performance guarantee may be required as outlined in Section 18.04, to ensure the proper removal of the temporary dwelling or structure, following the expiration of the permit and any extensions, or upon completion of the permanent building or structure.

5. The Zoning Board of Appeals may attach reasonable conditions to temporary dwellings or structures to ensure the standards of this Section are met.

Section 17.04 Decisions

A. Procedure - An appeal may be taken by a person aggrieved, or by an officer, department, or board of the Township. Such appeal shall be taken within twenty-one (21) days, as prescribed by the rules of the Zoning Board of Appeals, by the filing with the officer or body from whom the appeal is taken and with the Zoning Board of Appeals of a notice of appeal specifying the grounds for the appeal.

B. Filing - The party from whom the appeal is taken shall immediately transmit to the Zoning Board of Appeals all the papers constituting the record upon which the action appealed was taken. These papers shall include a completed application form and site plan, including the following, unless determined to be inapplicable to the request and specifically waived by the Zoning Board of Appeals:

1. Project Information, including:

   a. the applicant's name;
   b. the preparer's name;
2. Existing Features

a. property lines and dimensions;
b. zoning and current land use of applicant's property and all abutting properties and of properties across any public or private road from the site;
c. lot lines and all structures on the property, the Zoning Board of Appeals may require buildings and structures within one hundred (100) feet of the site's property lines, also be shown;
d. location of any access points on both sides of the street within one hundred (100) feet of the site along streets where access to the site is proposed; and

c. north arrow;
d. complete and current legal description and size of property in acres; and
e. small scale location sketch of sufficient size and scale.

3. Proposed Construction

a. building footprints, setbacks, floor plans and elevations showing height and materials for all proposed structures, including any residential units, with the acreage allotted to each use;
b. location and dimensions of parking spaces;
c. details of site circulation and access design, including:
   i. indication of street right-of-way and pavement widths and pavement type;
   ii. names of abutting public roads, proposed access driveways and parking areas, and existing and proposed pedestrian/bicycle paths; and
   iii. written verification of access easements or agreements, if applicable.
d. the Zoning Board of Appeals may require a survey for projects involving dimensional variances.

G. Stay of Proceedings - An appeal stays all proceedings in furtherance of the action appealed from unless the officer or body from whom the appeal is taken certifies to the Zoning Board of Appeals, after the notice of appeal is filed, that by reason of facts stated in the certificate, a stay would, in the opinion of the officer or body, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order. This restraining order may be granted by the Zoning Board of Appeals or Circuit Court on application or notice to the officer or body from whom the appeal is taken and due cause shown.

H. Decisions
1. The concurring vote of a majority of the membership of the Board shall be required to reverse an order, requirement, decision, or determination of an administrative official or body, or to decide in favor of the applicant a matter upon which the Board is required to pass, or to effect a variation in the ordinance.

2. The Zoning Board of Appeals shall render its decision upon any appeal or application submitted to it within a reasonable time after the hearing.

3. All decisions of the Zoning Board of Appeals shall become final five (5) days after the date of entry of an order, unless the Board shall find, and so certify on the record, that it is necessary to cause such order to have immediate effect, in order to preserve property or personal rights.

I. Record of Actions - For each decision of the Zoning Board of Appeals, a record shall be prepared. Such record shall include, at a minimum, the following items:

1. Description of the applicant's request.
2. The Zoning Board of Appeal's motion and vote.
3. A summary or transcription of all relevant material and evidence presented at hearing; and,
4. Any conditions attached to an affirmative decision.

J. Appeals to Circuit Court - The decision of the Zoning Board of Appeals shall be final. However, a person having an interest affected by the decision of the Zoning Board of Appeals may appeal to the Circuit Court. Upon appeal, the Circuit Court shall review the record in accordance with the requirements of the Township or Township Zoning Act. The court may affirm, reverse, or modify the decision of the Zoning Board of Appeals, or may remand the decision to the Zoning Board of Appeals for further hearings or action.

K. Resubmission - No variance request which has been decided by the Zoning Board of Appeals shall be submitted for reconsideration within a one (1) year period from the date of the original application unless the Board finds that at least one of the following conditions exist:

1. That the conditions involving all of the reasons for the original denial have been significantly altered.
2. That new conditions or circumstances exist which change the nature of the original request.

Section 17.05 Conditions of Approval

A. The Zoning Board of Appeals may impose reasonable conditions in conjunction with approval of an appeal, variance, or any other decision which they are required to make.

B. Conditions shall be imposed in a manner in accordance with the Township Zoning Act, and related to the standards by which the decision is reached.
Section 17.06 Variance Procedures

A. Authority for Variances - The Zoning Board of Appeals, after public hearing, shall have the power to grant requests for variances from the provisions of this Ordinance where it is proved by the applicant that there are practical difficulties or unnecessary hardship in the way of carrying out the strict letter of the Ordinance relating to the construction, equipment, or alteration of buildings or structures so that the spirit of the Ordinance shall be observed, public safety secured and substantial justice done.

B. Granting of Non-Use Variances - A non-use variance may be allowed by the Zoning Board of Appeals only in cases where there is reasonable evidence of practical difficulty in the official record of the hearing, and that all of the following conditions are met:

1. That there are exceptional or extraordinary circumstances or conditions applying to the property in question that do not apply generally to other properties in the same zoning district;

2. That the condition or situation of the specific piece of property for which the variance is sought is not of so general or recurrent a nature as to make reasonably practical the formulation of a general regulation for such conditions or situations. Unique circumstances include: exceptional narrowness, shallowness or shape of a specific property on the effective date of this chapter, or by reason of exceptional topographic conditions or other extraordinary situation on the land, building or structure or by reason of the use or development of the property immediately adjoining the property in question, the literal enforcement of the requirements of this chapter would involve practical difficulties;

3. That such variance is necessary for the preservation and enjoyment of a substantial property right similar to that possessed by other properties in the same zoning district and in the vicinity. The possibility of increased financial return shall not of itself be deemed sufficient to warrant a variance.

4. The variance will not be significantly detrimental to adjacent property and the surrounding neighborhood.

5. The variance will not impair the intent and purpose of this Ordinance.

6. That the immediate practical difficulty causing the need for the variance request was not created by any action of the applicant.

C. Granting of Use Variances - A use variance may be allowed by the Zoning Board of Appeals only in cases where there is reasonable evidence of unnecessary hardship in the official record of the hearing that all of the following conditions are met:
1. That the building, structure, or land cannot yield a reasonable return if required to be used for a use allowed in the zone district in which it is located;

2. That the condition or situation of the specific piece of property or the intended use of such property for which the variance is sought is unique to that property and not of so general or recurrent a nature as to make reasonably practical the formulation of a general regulation for such conditions or situations. Such unique conditions or situations may include:
   a. Exceptional narrowness, shallowness or shape of a specific property on the effective date of this chapter;
   b. Exceptional topographic conditions or other extraordinary situation on the land, building or structure;
   c. the use or development of the property immediately adjoining the property in question.

3. That the proposed use will not alter the essential character of the neighborhood or the intent of the Master Plan.

4. Prior to Zoning Board of Appeals decision on a request for a Use Variance, the Board of Appeals may request that the Planning Commission, upon presentation of the application by the applicant, consider such request and forward a report to the Board of Appeals. If requested by the Board of Appeals, such report shall be limited to the Planning Commission’s review of the effect of the proposal on the existing or intended character of the neighborhood and the ability of the property owner to use the property for a use already permitted under the existing zoning classification.

Section 17.07 Fees

The Township Board may prescribe and amend by resolution a reasonable schedule of fees to be charged to applicants for appeals to the Zoning Board of Appeals. The fee shall be paid to the Township Treasurer at the time the application for the appeal or variance is filed.
Chapter 18
Administration

Section 18.01 Ordinance Administrator

Except where herein otherwise stated, the provisions of this Ordinance shall be administered by the Ordinance Administrator, or such other official or officials as may be designated by the Township Board. The Ordinance Administrator shall have the power to:

A. Issue Zoning Permits;

B. Make inspections of buildings and premises necessary to carry out the duties of administration and enforcement of this Ordinance;

C. Issue and serve civil infraction notice and, subsequently, a civil citation, on any person with respect to any violation of this Ordinance where there is reasonable cause to believe that the person has committed such an offense; and

D. Perform such other functions necessary and proper to enforce and administer the provisions of this Ordinance.

Section 18.02 Permits

A. Zoning Permits -

1. No building, structure, or sign shall be erected, altered, or moved unless a Land Use Permit shall have been first issued for such work.

2. No Zoning Permit shall be issued for the erection, alteration, or use of any building or structure, or for the use of any land which is not in accordance with all provisions of this Ordinance.

3. A record of all Zoning Permits issued shall be kept on file in the office of the Ordinance Administrator and copies shall be furnished upon request to any person owning or renting the property which is the subject of the Permit.

4. No vacant land shall be used and no existing use of land shall be changed to a different class of use unless a Zoning Permit is first obtained for the new or different use.

B. Building Permits and Certificates of Occupancy

1. No Building Permit for the construction, erection, alteration, repair, or moving of any building or structure shall be issued until a Land Use Permit, or Zoning approval for such work has been issued by the Ordinance Administrator.
2. No building or structure which is hereafter erected or altered shall be occupied or used unless and until a Certificate of Occupancy shall have been issued for such building or structure.

3. Certificates of Occupancy, as required by the Michigan State BOCA code will be issued by the Houghton Lake Building Agency.

C. Fees for the inspection and issuance of Land Use Permits, Building Permits, or Certificates of Occupancy, or copies required or issued under the provisions of this Ordinance, may be collected by the Township or appropriate government agency in advance of issuance. The amount of such fees shall be established by resolution of the Township Board or appropriate government agency and shall cover the cost of inspection and supervision resulting from the enforcement of this Ordinance.

Section 18.03 Enforcement and Violations

A. This ordinance shall be enforced by such persons who shall be so designated by the Township Board.

B. Violation of this ordinance shall be a civil infraction and shall be enforceable under the Markey Township Municipal Violations Bureau Ordinance #34

C. Continuing violation each day during or on which a violation of this ordinance occurs or continues shall constitute a separate offense and shall be subject to penalties or sanctions as a separate offense.

D. Markey Township may seek enforcement of this ordinance and such other relief as may be obtained by injunctive proceedings in the Circuit Court for the County of Roscommon. This is in addition to and not in derogation of prosecutions for violations of this ordinance as outlined in “B” above.

E. Complicity: Every person who commits or procures, councils, aids or abets the Commission of any act declared in this ordinance to be an offense, whether individually or in connection with another person, or as principal, agent or accessory, shall be guilty of or responsible for such offense. Each person who falsely, fraudulently, forcibly or willfully induces, causes, coerces, requires, permits or directs another to violate any provision of this ordinance shall likewise be guilty of or responsible for such offense.

F. Should any section, clause, word or provision of this ordinance be declared by any court to be invalid, the same shall not effect the validity of the remaining portions of such section of this ordinance or any part thereof other than the part so declared to be invalid.

Section 18.04 Performance Guarantees

A. As a condition of approval of a site plan review, special use, or planned unit development, the Planning Commission may require a financial guarantee of sufficient sum to assure the installation of those features or components of the approved activity or construction which are considered necessary to protect the health, safety, and welfare of the public and of users or inhabitants of the proposed development. Such features or components, hereafter referred to as “improvements,” may include, but shall not be
limited to, roadways, curbing, landscaping, fencing, walls, screening, lighting, drainage facilities, sidewalks, driveways, utilities, and similar items.

B. Performance guarantees shall be processed in the following manner:

1. Prior to the issuance of a Land Use Permit, the applicant shall submit an itemized estimate of the cost of the required improvements which are subject to the performance guarantee, which shall then be reviewed by the person designated by the Township Board. The amount of the performance guarantee shall be one hundred (100) percent of the cost of purchasing materials and installing the required improvements, plus the cost of necessary engineering and a reasonable amount for contingencies.

2. The required performance guarantee may be in the form of a cash deposit, certified check, irrevocable bank letter of credit, or surety bond acceptable to the Township.

3. Upon receipt of the required performance guarantee, the Ordinance Administrator shall issue a Land Use Permit for the subject development or activity, provided it is in compliance with all other applicable provisions of this Ordinance and other applicable Ordinances of the Township.

4. The Township Treasurer will refund to the obliger portions of the performance guarantee, only after written notice from the Building Inspector, that the improvements for which the rebate has been requested have been satisfactorily completed. The portion of the performance guarantee to be rebated shall be in the same amount as stated in the itemized cost estimate for the applicable improvements.

5. When all of the required improvements have been completed, the obliger shall send written notice to the Building Inspector of completion of said improvements. Thereupon, the Building Inspector shall inspect all of the improvements and approve, partially approve, or reject the improvements with a statement of the reasons for any rejections. If partial approval is granted, the cost of the improvement rejected shall be set forth. Where partial approval is granted, the obliger shall be released from liability pursuant to relevant portions of the performance guarantee, except for that portion sufficient to secure completion of the improvements not yet approved.

6. A record of authorized performance guarantees shall be maintained by the Ordinance Administrator.

Section 18.05 Amendments

The Township Board is authorized and empowered to cause this Ordinance to be amended, supplemented or changed. Proposals for amendments may be initiated by the Board, the Planning Commission or by petition of one (1) or more owners of property in Markey Township.
affected by such proposed amendment. The procedure for amending this Ordinance shall be as follows:

A. Each petition shall be submitted to the Ordinance Administrator, accompanied by a fee as established by the Township Board, and then referred to the Clerk and sent to the Planning Commission to set a hearing date and publish notices.

B. The Planning Commission shall conduct a public hearing, the notice of which shall be published in a newspaper of general local circulation, and sent not less than 15 days before the Public Hearing date.

C. The Planning Commission shall make a recommendation which shall be transmitted, along with the request and its findings, to the Township Board and to the Roscommon County Planning Commission for review, as provided in Section 10, of the Township Zoning Act. The County shall, within thirty (30) days of receiving the request make a recommendation to the Township. If a recommendation is not received within such time period, a recommendation of approval shall be presumed.

D. The Township Board may hold additional hearings if it considers it necessary. Notice of such shall be published in a newspaper or general local circulation, and sent not less than 15 days before the Public Hearing.”

E. No petition for rezoning or other ordinance amendment, which has been disapproved, shall be resubmitted for a period of one (1) year from the date of disapproval, except as may be permitted after learning of new and significant facts or conditions which might result in favorable action upon resubmittal.

Section 18.06 Severability

Sections of this Ordinance shall be deemed to be severable and should any section, paragraph, or provision hereof be declared by the courts to be unconstitutional or invalid, such holdings shall not affect the validity of this Ordinance as a whole or any part thereof, other than the part so declared to be unconstitutional or invalid.

Section 18.07 Enactment and Effective Date

The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health, safety, and welfare of the people and are hereby ordered to become effective seven (7) days following publication of a "Notice of Ordinance Adoption" in a newspaper circulating within Markey Township. The effective date of this Zoning Ordinance is August 23, 2003.
